ADV. UDAIVEER SINGH BINDRA

Managing Director Global Empire Events & BizNation TV

Meri aaj ke yuvao se aaj ki young generation se ek appeal hai jo Swami Vivekananda ji keh gaye the. "Utho Jago aur tab tak mat ruko, jab tak manzil na prapt hojaye" the youth today has enough knowledge to do the right things they need to do for themselves, the only thing stopping us is the first step, take the first step and you will be half way there.

Whenever I am on the Platform of Global Empire Events or I write for the Magazine I always mention a Quote which goes like this "Vasudev

Kutambakam" which means the world is a big family & as we have gathered under this platform I'll urge everyone of you to clap for yourselves for your achievements, accomplishments & hardwork.

I'll share a story of How Global Empire Events started & a story of how i think a brand can be built from my perspective. BizNation TV was started before Global Empire Events was even thought of BizNation TV was started as a digital marketing agency back in my hometown Ludhiana Punjab, which was struggling to make a name as it was a digital marketing boom in 2020 and there was a lot of competition. Initially I gathered clients through advertising on Facebook and Instagram but the result was not very sustaining. Being a firm believer of change and being dynamic I then introduced doing video podcasts on BizNation TV with our existing business clients where they started sharing there entrepreneurial journeys, it was something interesting, New & something different from what how people were doing digital marketing. Now we were not only doing digital marketing, we were also promoting Entrepreneurship and Education based individuals through our platforms. BizNationTV started to build its name in the market, but the spark was lacking.

Then we thought why not create a platform where we don't just have one Entrepreneur or Educators but, 100, 200, 300 Educators and a huge networking platform and here we are today conceptualizing events under Global Empire Events seeing visionary leaders.

Talking about BizNation TV, it's the backbone of Global Empire Events all the designing to the digital marketing, anything and everything is being done in House today.

So I'll just say if you have any digital marketing needs - get in touch with us on BizNation TV with all our digital marketing services one call away from you.

MS. SHABEENA SULTANA

Honorary Consul of Republic of Tunisia

If Integrity, Positivity, Determination, Dedication & Passion have a synonym, it is Ms. Shabeena Sultana, who is the Honorary Consul of the Republic of Tunisia. At such a young age, she backs herself with ample experience in some of the important Industries such as Agriculture, Energy, Waste Management, Education, and Corporate Compliance.

She has been at the forefront in empowering women & women entrepreneurship. She is also the Founder of Knowledge Resource Enabled Trade Organisation famously known as KRETO.

Mrs. Shabeena Sultana is one of the key architects of KRETO, a revolutionary platform that is all set to transform the way businesses are conducted by Entrepreneurs with the rest of the world. Mrs. Shabeena has been blessed with a sharp business acumen that has guided her in her journey dotted with milestones. Not at all averse to taking risks, she has time and again proved her leadership qualities by excelling in various categories that she has been a part of over the years.

Her interests span Energy, Education, International Relations, Trade Association, Social Causes and many more. She has donned several hats in her illustrious career. Mrs. Shabeena Sultana, who is fondly also known as Shabeena didi, is also a Member of the Trust Board of Ms. HKBK Group of Educational Institutions based at Bengaluru. Despite her busy schedule she can be seen in the corridors of the campus where students approach her without hesitation to understand the art of carving their future by choosing the right academic programme based on their abilities and passion – as interpreted by Shabeena didi.

She aspires to help Indian businesses upscale, align and emerge as formidable players in their respective business domains with the help of strategic assistance from KRETO. Shabeena loves travelling during her spare time. She also enjoys meeting new people and expanding her horizons of awareness and experience.

www.juristandjurist.com

DR. RAJKUMAR KISHOR

Rajkumar Kishor, Ph.D. is one of the few first-generation entrepreneurs in

Biotechnology and Life Sciences in NE India. He obtained his M.Sc. (1997) and Ph.D. (2003) degrees from Manipur University in Life Sciences. Dr Kishor worked under the supervision of Prof. G. J. Sharma for his doctoral research on the topic 'Production of

orchid hybrids using certain rare, endangered/endemic species of Manipur and micropropagation of elites'. He had worked as Research Associate at the Department of Horticulture, Central Agricultural University, Imphal. In 2005 he was awarded Post - Doctoral Fellowship of the Department of Biotechnology, Govt. of India and worked at the Institute of Bioresources and Sustainable Development (IBSD) Imphal till 2010. He

joined the 'Centre for Orchid Gene Conservation of Eastern Himalayan Region' (SERB, DST), Hengbung as Scientist-D in 2010. After resigning from the post, Dr. Kishor along with his wife, Kebisana, established in 2013 the Kwaklei & Khonggunmelei Orchids Pvt. Ltd.

Which is a leading research cum commercial venture on development of orchid resource of India, especially NE India. The R&D primarily focuses on breeding of orchids using Indian species as parents and their micropropagation. It aims at development of commercial varieties of purely Indian origin.

The present effort is on breeding of orchids having potential for cut flower, potted plants and fragrance. Dr Kishor has registered eighteen (18) hybrid orchids with the Royal Horticultural Society, UK, which is the international authority for hybrid orchid registration. The Company has been awarded Biotechnology Ignition Grant (2nd Call) of BIRAC to work on the topic 'Clonal propagation of elite genotype of orchid hybrids synthesised in Manipur for commercial cultivation'. BIRAC has granted a project under SBIRI scheme as follow-up funding. Besides, K&K Orchids is associated with IBSD Imphal undertaking a partnership venture on breeding commercial Dendrobium breeding. He was also awarded SRA of the CSIR.

Besides orchids Dr Kishor has keen interest in taxonomy of gingers. He had discovered a new species *Zingiber kangleipakense* Kishor and Sckornikova, which was the first new plant species reported from IBSD. He has also bred a *Hedychium* hybrid involving the species *Hedychium rubrum* × *Hedychium coronarium*. Dr. Kishor has also bred India's hottest chilli *Capsicum frutescens* cv Mashingkha × *Capsicum chinense* cv Umorok, which he named as Kishor's Fireball, having a hotness of 2,87,000 SHU.

MODERN INFORMATICS PVT. LTD

As Founder and Chief Executive Officer (C.E.O) at MIPL, Mr. Sumitkumar Gyanprakash Singh, strongly believes in well-rooted, long-lasting relationships that are built on trust with his clients, vendors & people alike. He has an extensive leadership knowledge of turning around and delivering Artificial Intelligence and IOT - E-Surveillance technology based services using ten plus years of cross functional experience.

As an experienced entrepreneur who is keen in solving real world problems, innovating solutions has been his primary forte and area of interest. With a high inclination towards Research and Development in the field of Artificial Intelligence, he has managed high-performance multi-cultural teams to develop numerous solutions around physical security application; thus helping establish MIPL as one of the highly renowned E-Surveillance companies in India.

Mr. Sumit's vision is to make his company as one of the leading companies in the country and overseas providing cutting-edge and cost-effective Artificial Intelligence.

His constant endeavours to bring about a change in the industry has led him to publish numerous research papers in the field of computer networking in several distinguished journals.

He holds a Postgraduate - M.Tech in Information Technology Specialisation in Networking .

MIPL started its journey in the year 2011 and soon grew to be one of the leading e-surveillance service provider in India incorporating cutting edge technology, professional insights, and inputs from the well trained and highly professional experts.

MIPL's journey began following its parent company MSF (Modern V.R. Security Force (I) Pvt. Ltd.) establishment in 1984 for providing physical security to companies, industrial houses, embassies and other establishments.

Today, MIPL provides cutting-edge e-surveillance solutions to almost all leading banks in the country, including MNC Banks, PSU Banks and Private Banks. Currently, the company serve clients across 500 cities in India with more than 10000 installations of e-surveillance systems.

If you own a business, MIPL will ensure the protection of your office building. If you own or manage a gated community, the company's e-surveillance will provide peace of mind for your residents. MIPL security services are designed to provide the protection you need from a professional security company.

MR.

ABHISHEK BHANSLI

Problem is not a virus

It is a vaccine you getting today for a virus in future

His journey started when he was 18, started the manufacturing of tent and technical fabric.

with a promise and belief to revolutionize the industry with his new vision started the unit

with loan and took another loan to repay it but then his ideas and hard work started paying

off and gradually the unit with 1 labor turned into an industry working with hundreds of

skilled labors

The journey gave him 22+ years of experience in handling tough and the most complex

market conditions with a passion of launching better. Started the manufacturing with a

small number but now his company is known globally.

He always believed in advancement and this made them the favourite of the customers. to detail a more he is not at all averse to

taking risks, he has time and again proved his leadership qualities by excelling in various categories that he has been a part of over the years. His interests span Energy, Education, International Relations, Trade Association, Social Causes and many more.

His philanthropy is seen when despite his busy schedule he is easily approachable to everyone and also understands the art of carving the solution to the problem & also showed his warm heart during the pandemic when people were reluctant to move outside the house, at that phase of time he served the society for the betterment of the mankind he is a perfect Inspiration for the today's youth as he teaches the message of business with and for society.

He aspires to help Indian businesses upscale, align and emerge as formidable players in their respective business domains with the help of strategic assistance from different social platforms. he loves travelling during his spare time. he also enjoys meeting new people and expanding his horizons of awareness and experience.

This title is adding one more feather to his cap and moving him a step forward towards his dream as paramount moment of his life. As a being of a new passage of life

Success is not final; failure is not fatal: it is the courage to continue that counts

MR. AMIT KHEMKA, WEBTECH SOFTWARE

- 7 years of burning midnight oil comprising of primary and secondary research, extensive data scrubbing, rationalization and verification.
- Over 25 million correlated and relevant records across 60 sports and spanning over 150 years of sporting history.
- Over 5 million website pages comprising a wide assortment of rich content including news, stories, interactive elements, public opinions and data analytics and result sets.
- Over 40 modules and website sections to enable a totally immersive engagement of sports fans based on user preferences and interest points.
- 10 mobile apps to facilitate user engagement across platforms, comprising of gaming, interaction, information and cohesive participation.
- One of the largest, widest and deepest sports engagement platforms in the world.
- Targeting a massive user base and community in the world – over 50 million sports related searches are conducted on the internet each day.
- Contains over 5,00,000 player profiles across a wide assortment of sports and events.
- Contains over 2 million match results with relevant details.
- To be made available in over 15 global and regional languages, enabling a truly diverse local reach across cultures and demographics.
- Spoogle CMS built completely from scratch after detailed brainstorming over 2 years to achieve unparalleled performance, flexibility, scalability and near zero dependence on external codes.
- Live match scores enabled along with real time statistics via 3rd party live feeds.
- Mobile apps constitute a fantasy prediction engine, a multiplayer real time card game, a user based ranking application and much more.
- Completely responsive and mobile view friendly since inception.
- Thousands of unmatched and intriguing data analysis and insights that disrupt and shatter conventional wisdom.
- Building one of the largest user opinion based sports platform where users collectively and collaboratively decide what is the best.
- Target to build one of the largest community of sports content writers and journalists in the world who will contribute stellar content.
- Target to reach out to ultra local levels by cohesive participation by local authority stakeholders.
- Never before done and convention shattering sports rankings based on in-depth and accurate statistical data.
- Target to become the hub of local sports information by offering stakeholders a powerful platform to engage and disseminate information.

Webtech softwares and services ltd is a company dedicated and committed to bringing the internet closer to the consumers by providing them with unique, engaging and engrossing content curated from across the internet. The idea is to inform, entertain, delight and intrigue our users by offering innovative and data driven application and services.

Our mission is to bring sports fans under a common umbrella to enable cohesive and collaborative information sharing and consumption. Most people in the world follow 2 things in some form or the other – Music and Sports. Over 50 million sports related searches are conducted on the internet each day. After religiously working for 5 years we have been able to create one of the largest and widest sports information and statistics database – spoogle. Founded by Amit Khemka, a die hard sports enthusiast and technology buff, who has conceptualized, designed and implemented several innovative technology solutions over the years. Our strong R&D based approach has enabled us to enact an error free and fairly accurate repository of sports based information. Although yet in its beta stage, we have received rave reviews from sports enthusiasts and domain experts as to the efficacy and market potential for spoogle.

A lot is to be done to make spoogle a complete product and in the near future we plan to enrich it with advanced data analytics, artificial intelligence and machine learning along with deep regionalisation and adding an ultra local flavor to it. We also plan to build one of the most enriched community of sports content writers and journalists by providing them innovative data tools to churn out engaging and delightful content.

Apart from this, real time score updates and live feeds have to be procured from 3rd party feeds to make our product relevant on a day to day basis. These endeavours are capital intensive and time consuming and in this regard we welcome like minded and visionary investors to back us so that spoogle can truly become what its meant to be.

Catering to a massive, grossly unexplored market of sports fans and enthusiasts, largely dominated by broadcasters and news agencies with limited direct competition and huge entry barriers in terms of exclusive data availability and analysis. Target users waiting to be delighted as many of our offerings are uniquely engaging, inherently viral by nature and intriguing.

Limited capital expenditure and low operating costs and optimum overheads will enable us to become profitable fairly quickly and consistently. Rapid growth fueled by strategic marketing efforts and branding exercises will only inflate our profits beyond the expected levels. In 3-4 years time, when spoogle would have matured, we see it as the de facto tool for global sports fan engagement by continuously bringing it closer to match the aspirations and expectations of global sports fans.

spoogle

MR. ANKIT YADAV

Meet Ankit Yadav, your trusted financial planner and the "NEXT BIG BULL" of Stock Market.

Ankit Yadav, the Wealth Manager is an amazing educator, investor, and entrepreneur who founded and serves as the director of Market Maestro Pvt Ltd. He has been studying the art of investing since he was 12 years old and is projected to be the highest taxpayer in his country in the USA by 2021. Ankit's second ideal, Warren Buffet, became more and more apparent to him as he studied more on the issue.

Ankit Yadav, a finance MBA, began his professional career. He is the founder and director of Market Maestro Private Limited, a financial advisory business that was founded in 2016. The brand's mission is to make individuals perfect, logical, and clever investors by educating them about stock market investments. Market Maestro offers everything covered under one roof, from debt repayment to investing and understanding stocks. What originally began as the eponymous channel on YouTube has since grown to become a fully-fledged financial advisory organisation.

In 2016, Ankit Yadav started Master Maestro' Youtube channel, where he shared money management tips and content for the common person through the language of Hindi. Such a masterstroke strategy helped Ankit to solve every communication barrier and allowed him to cross more than 6 lakh subscribers and gain two 'Silver Play' buttons. Ankit Yadav is a giver and we must have understood this by now. Giving rational investment strategies on gold, cryptocurrencies, real-estate, mutual funds, stock market and sharing insights to the audience about debts, took his reputation as a trusted individual above every limit. Ankit Yadav also launched his website, www.ankitintrinsicvalue.in, that offers the complete solution to finance planning along with Market Maestro.

The Secret of Success

Carrying forward the legacy of intrinsic value, Ankit is poised by his ardent supporters as the next Warren Buffet. Also touted as the big shark in investment, Ankit believes in long-term investment and compounding that investment further. Using this method, Ankit saw his wealth soared tremendously in the last few years. Ankit reveals, "The company and the YouTube Channel are founded with the goal of teaching people how to invest in the stock market in order for them to become perfect, sensible, and educated investors, in short, Intelligent Investors."

Coming of a Financial Wizard

Amongst his fan followers, supporters and investment circles, Ankit is also renowned as the prediction wizard whose unorthodox yet phenomenally successful – with a success rate of 90-95% – future predictions of stock prices is a thing of wonder. For example, Ankit predicted for Yes Bank's stocks that though it was trading at Rs. 300 in 2018, it will be trading at its intrinsic value of Rs. 10. Only after three years, which is in 2021, Ankit's prediction came true, and Yes Bank's stock was trading at Rs. 10, its intrinsic value. Likewise, in November 2019, Ankit predicted a COVID-19 market crash and immediately exited from his portfolio. Only after three months, the market collapsed by 40%. Similarly, in 2020, Ankit's prognosis was that Brent Crude Oil, which was trading at \$40 at that time, would soon cross over \$90, and today its price is trading at over \$105. Furthermore, Ankit predicted that post-COVID, the market would see a sharp rise in Tesla prices. As it happened, apart from Indian investors, global giants like Goldman Sachs and JP Morgan Chase were awestruck by Ankit's financial wizardry. His further prediction that we will be witnessing the highest inflation in the shortest span of time has already happened. Ankit also predicts that US inflation – which is currently 6% – will increase by ten percent.

Ankit's Wizardry of Intrinsic Value

When asked how he manages to get that kind of prediction success rate, Ankit says, "If it interests me, I pick up the best stock, first finds out its intrinsic value – the most important characteristics of any stock – then I conduct thorough historical research of that stock and then make my future prediction. It is as simple as that." And what is the stock's intrinsic value? Based on his wisdom of ages, strong skills, expertise, and total belief, Ankit has developed a Future Stock Value Prediction Algorithm based on the historical matrix of intrinsic value. No one in the world comprehends how to devise a method to calculate a stock's intrinsic value. Ankit not only developed the method but released it last year with tremendous success. In only a month, it did a whopping business, earning \$15 million as a profit to Market Maestro.

Ankit's expertise in the subject along with market research simplifies the money management concept for people. He upskills and prepares people for managing their finances via his detailed and descriptive videos on varied finance-related topics. He is well-versed with the stock market and believes that it's important to pass on knowledge as power is gained by sharing it, not hoarding it. He equips people with what Warren Buffet had asserted once, "You don't need to be a rocket scientist. Investing is not a game where the guy with the 160 IQ beats the guy with 130 IQ."

Awards and Recognitions

- Recently he won the Asia's most prestigious award i.e Asia's Nobel Award in Finance of the year 2022-2023 which is organized by Asia Awards.
- Recently he won the Asia's most prestigious award i.e Asia's Most Influential Entrepreneur award of the year 2022-2023 which is organized by Asia Awards.
- Ankit won "outstanding achievers award 2022" for inventing notion of intrinsic value concept by Government of India
- Ankit won "Young achievers award 2022" for his outstanding work in the field of finance by Government of India
- He was also awarded as "Young Entrepreneur of the Year 2022" by Entrepreneur Today and also added under 30 under 30 of entrepreneur today
- He received two silver play buttons in 2019 for his sincere efforts and assessments of genuine and honest comments on YouTube.
- He received a fair play award in 2019 from GROWW for reaching 1 lakh subscribers.

Ankit Yadav is a brilliant beacon of the contemporary gentleman and it is clear that his admiration for the art of investing comes before everything else and contributes to his brilliance.

MR. ASAN MOHAMMED A - FUTURE FOCUS INFOTECH PVT. LTD

Have you ever designed life the way you wanted...?

Well, most of us don't...

I am Asan, Manager of Quality Assurance department in a reputed organization 'Future Focus Infotech Pvt Ltd' Chennai.

Born in rural village of Mudukulathur to a family who was working for a Tea-shop striving to get their daily wages... I would say, we faced poverty at its peak.

I burnt like a fire, completely emptied night lamp oils to elevate myself higher in education. I studied day and night...I turned out to be a district level rank holder...& I must say, it was like a dream. A proud moment for my family & my society... it was through a trust I received funds to complete my studies and I must extend my heartfelt thanks to them at this moment.

Then, started my carrier in QAssure Technologies as a Software Test Engineer, I had my own challenges in learning new technologies, adapting to the corporate culture etc... Somewhere I knew, a huge transformation is required, and I took my life at work seriously... Each day I dreamt of my life and designed the way how it should be the next, what should be my next move... and I worked towards it slowly and steadily.

I started learning day and night, automation technologies and tools that I never knew or heard of before. I equipped myself so adequate that my knowledge at work was enough for people to understand my worth. I Excelled. I became an ISTQB Certified (Advanced Level) Test Manager, HP Certified 'Accredited Integration Specialist', Certified Internal Auditor for ISO/ISMS audits, etc... I went abroad for client meets... I was also chosen by the organization as a 'Chief Information Security officer' for exhibiting skills required to do it.... I trained my team... I made them strong... I always tell them the importance of perfection... None of us can be perfect... But all of us can put our best, which make our work close to the perfect.... I believe that is Quality (Striving for Perfection).

I also have personal goals in life to become an Entrepreneur/Edupreneur as I had keen interest in academics & showed excellence in studies. At leisure time, you can always get to see me running, jogging & doing Kungfu martial art. I would also love catching up with friends who are highly motivated and likeminded. At that moment, I discuss the smallest of happiness to biggest of vision that is lined up/waiting in life just for a perfect alignment of goals & plans.

3 thankful people which is a must at this moment. God, my Boss (Seshan) and my client (Bharat Saoji) for what I am today.

Life is just once. Design it the way you need & Live it with no regrets.

MR. ASHUTOSH GOYAL

Ashutosh Goyal is the director of Ananta Hotels & Resorts and founder of Lavender Laundry and Dry-Cleaning Services. He did his bachelors from Indiana University Bloomington and schooling from the Doon School Dehradun. He handles procurement, finance, villa sales, construction activities and experiential marketing for the entire group. In 2019, Ashutosh established a corporate purchase store in Jaipur where they bulk buy most of the groceries, imported food items and housekeeping products and systematically distribute them to all their hotel units.

This process has helped them reduce costs by over 12% in the last three years. Recently, hotels and restaurants outside their portfolio have also started procuring from the store. Apart from monitoring day to day financial activities, he focuses mainly on financial analysis where he makes sure that surplus funds are used optimally to enhance social and corporate activities.

The group made The Ananta Udaipur by selling rooms to investors and taking the rooms back on perpetual lease. Today almost every new hotel project is using the same model. Ashutosh is administering the selling of the group's new projects in Jaisalmer and Ajabgarh.

He was able to sell out Ajabgarh in 90 days from its launch. Moreover, he is overlooking the construction of Ananta Jaisalmer. The project has already won two international awards and is supposed to start in 2024. Ashutosh believes that at Ananta, they don't just sell conferences or weddings, but their aim is to sell experiences to guests. He along with his team continuously curate experiences that enhances the guests outlook towards the product. Recently they have tied up with Burda Media and are planning the first edit of the "Soul Festival" in March.

He is on the alumni board of The Doon School and in 2020 the alumni started the Dosco Impact initiative to help individuals suffering during the pandemic. He was heading the food drive around the country where they fed more than 75000 people in Jaipur, Udaipur, Kishangarh and Kolkata. Later he also tied up with Zomato where they fed more than 50000 people in Jaipur. In 2019, Ashutosh and his mother started the Apna Ghar Ashram in Jaipur where they give shelter to abandoned women. Some of these women were abused mentally and physically and they required extensive counselling. Till date they have given shelter to around 80 women. In 2019 he also started an incense manufacturing unit. In the unit he mostly employs women who are in desperate need of employment and are the sole bread earners for their families. The vision behind this venture is to empower women across the cultural spectrum.

MR. CHAYAN AGRAWAL

Er. Chayan Agrawal is a certified Solar Engineer from MSME, Government of India.

He is a passionate and one of the youngest business enthusiasts who thrives to bring economical and sustainable solutions to modern-day's environmental and economic challenges.

He had completed schooling at New Digambar public School & further graduated with a Bachelor of Science in Electrical & Electronics Engineering from Shri Vaishnav Institute of Technology & Science.

Since his academic days, Chayan was found of helping people in the most efficient way he could. And the period of lockdowns and associated energy crises with high electricity bills envisioned him to use this crisis as an opportunity. Thus, his vision to provide green, clean and economical sources of energy through the powerful tool of entrepreneurship, led to the foundation of 'Agrawal Developers' which provides Renewable Energy Solutions, particularly Rooftop Solar systems.

AD Solar is one of the fastest-growing renewable energy companies in Indore. AD Solar is a trusted name in renewable energy solutions, driven by the need to make a difference in the lives of people globally.

The founder of AD, Mr Chayan is a penchant for not only setting big goals with bold visions but also achieving them with his 5 E's approach that is - from Education and Expertise to Energy Efficiency through the tool of Entrepreneurship, thus contributing toward green Economy and Environmental sustainability.

AD Solar is pooled with resources of technical knowledge coupled with industrial expertise. The services are tailored to meet the unique needs of clients based on rich experience.

AD focuses to enhance the interaction with clients for a better understanding of their preferences, and timelines and working towards the goal without compromising quality standards. Every team is equipped with the required knowledge, training, project management and customer service skills supported by a dedicated acquaintance towards realizing the project.

AD maintains good relationships and ties up with professionals from Industry, Subject experts and Government to bring in the latest solutions which make a real difference in addressing the issues.

Thus, by providing economic services to render social services, we honour one of the youngest social entrepreneurs from Indore Mr. Chayan Agrawal.

MRS. DEVIKA SAMRAT DESHMUKH

Mrs. Devika Deshmukh is a 'Educationist' turned 'Innovative Ambassador' cum 'Chief Mentor' in the Field of Primary Education. Currently she is the Director and heads Pre Primary Division of Galaxy National School, a 12-year-old CBSE Affiliated School in Ahmednagar Maharashtra. Galaxy National School is pioneer in many pathbreaking activities in the field education. Mrs. Devika Deshmukh is also a Trustee of Deepak Deshmukh Medical & Educational Foundation, a foundation which is working towards free education for financially backward students. Foundation is also helping Cancer Patients in all possible ways to make their life sustainable and hassle-free.

A BCA Graduate of Prestigious Pune University, Mrs. Devika also holds an EMBA in Hospitality Management. Additionally, Mrs. Devika has PG Diploma to her credit in Nutrition Management and also have certification courses in Child Psychology & Child Development. Mrs. Devika has been awarded 'Women Entrepreneur of the Year' in Lokmat Business Summit. She is also an Certified Innovative Ambassador of AICTE & CBSE. She has been awarded by Local Municipal Body for her contribution towards free education for financially backward students.

Mrs. Devika is working in field of education for more than a decade now. Working as a Director with Galaxy National School she has introduced innovative concepts like No Sack No Tiffin, STEAM Concept. While Carrying Heavy Burden of Books and Note Books every day to the School and getting proper nutritious food for students is everyday issue for all parents and students, Mrs. Devika Deshmukh have solved this problem 12 years ago with NO Sack & No Tiffin Concept. Students of Galaxy National School have

healthy nutritious breakfast and lunch cooked in open kitchen of school every-day also with specially designed worksheets and day-wise curriculum students are not needed to carry books or notebooks to school making their every-day schooling experience fun-filled and less stressful. Mrs. Devika have introduced STEAM Concept in Galaxy National School Pre Primary, Making it first Pre Primary School in whole district with STEAM Concept. Toddlers are introduced to Science, Technology, Engineering, Arts & Mathematics with practical application making them more familiar with difficult concepts from early ages.

Mrs. Devika being state level player in Badminton herself understands the importance of Physical Education along-with Academics. Students at Galaxy National School play 18 different games from std 1st to std 9th. School also have Special Scout and Guide Wing. Galaxy National School have produced many National & State Level Players in the sports like Basketball, Badminton, Judo, Karate, Boxing and Cricket. With the holistic approach where academics and sports go hand in hand, Galaxy National School and Galaxy National School Pre Primary have achieved excellence under able guidance of Mrs. Devika Deshmukh.

Mrs. Devika always believes in giving back to society in any which way possible. Keeping Women Empowerment in mind Mrs. Devika has introduced 1st ever 'Mom's Club' for all mothers of school going students in Ahmednagar. This Club allows all moms to share their talent, various experiences with each other and with students. Mom's Club is a platform for moms to express themselves and their hidden talents to the world. This Club has helped moms by creating many opportunities to start their own business ventures. On the other social front, Mrs. Devika is an active member of Rotary Club of Ahmednagar. She is also an active participant in Sadhguru's Save Soil Mission and have implemented the same in Galaxy National School Pre Primary.

Mrs. Devika wants every child around to understand how to think instead of what to think. She has a taken mission in hand to develop future ready generations which at the same time should also know and be proud of our Indian multidimensional culture, rituals. Mrs. Devika Deshmukh is very confident that by staying true to our morals and core values children of New India will successfully lead India to become a Super Power and make this world become one good Vasudhaiva Kutumbakam.

DR EBENEZER JOSEPH

Dr Ebenezer Joseph is India's first FIDE Trainer and Candidate Master of the World Chess Federation. He was awarded this title in 2005 after successfully completing a course in November 2005 at the FIDE Trainer Academy in Berlin, Germany. He was the only Indian certified by FIDE to teach chess for four years, which inspired several others to pursue chess training as a career.

As Founder of Emmanuel Chess Centre in 1996, India's premier Chess training institute, he has trained over 15,000 students, including tribal children, the under privileged and has certified over 150 chess trainers. Several students trained under him at some point of time, went on to become grandmasters and some represented India in the Chess Olympiad.

As India's first chess cognitive scientist recognised by Cognitive Science Research Initiative, Department of Science & Technology, Government of India, he has presented more than 25 papers in the US, UK, Switzerland, Netherlands, Finland, Malaysia, Singapore, Indonesia, China, Japan and India and published 9 papers in international journals. Joseph is actively involved in cognitive development programmes for children using chess as an intervention after carrying out IQ and creativity assessments.

Recently during the recently held Chess Olympiad he was appointed as the Chief Co-ordinator for Chess-in-Schools Programmes for 421 schools belonging to Adi Dravidar and Tribal Welfare Department, Tamil Nadu. Over 8000 students were sensitised to play chess and he was instrumental in conducting tournaments at school level, district level and state level chess tournaments; and the top 100 children from these schools had the opportunity to witness the Olympiad in person.

Earlier, Joseph represented India in the World Youth Chess Championship in Brazil in 1991, played in several continental championships in the US, Commonwealth championships and the Corsica masters in France. He also served as Indian Junior Team Coach for Aeroflot open in Moscow. During his college days he was the captain of Madras University and won the All India Inter University chess championships thrice. He stood first in the All India Civil Services chess tournament both in individual and team championships.

Besides being a Chess player, coach and a researcher, Joseph is a freelance Chess Journalist for a few magazines and newspapers in India. He is the official guest chess commentator for Doordharshan, All India Radio and other private Indian TV channels from time to time.

While he was a Principal Investigator for a Cognitive Science Research Initiative, DST Project, his doctorate in Chess was sponsored by the Department of Science & Technology, Government of India. This research is significant in underscoring the importance of chess, in enhancing the cognitive functions of children; it was presented at the World Congress of Psychologists in Yokohama, Japan, in 2016, sponsored by HRDS Scheme, Ministry of Youth & Sports Affairs, Government of India. Based on his contributions for cognitive development in children, he was selected as one among 40 in the world from 8000 psychologists who attended the World congress of psychology, for the Emerging Psychologist Programme in 2021.

After completing his Masters in Statistics from Madras Christian College, Joseph was awarded PhD in Cognitive Psychology – a dual Doctorate in Statistics and Psychology on May 16, 2022, titled 'Effect of Chess Intervention on Cognitive Functions of Children – An Empirical Study' from University of Madras, Chennai, Tamil Nadu.

One of his significant achievements includes developing a chess curriculum titled 'Winning Moves – A Complete Chess Learning Programme' Joseph, E. (2008). Patent No. L-32958/2009, India. It is a comprehensive Chess Curriculum comprising 22 episodes of 11 hours Chess learning programme presented and validated at London Chess Conference. This curriculum was effectively implemented as a part of chess-in-schools programmes in several schools in India and the US and in the Research conducted by DST, Government of India.

Dr. Joseph employs Chess as an interventional tool for several Attention Deficit and Hyper Active Children and with Children with Learning Disorders. He also successfully engages and challenges the intellectually brilliant children, the outliers with chess problems and puzzles. He has scientifically proved through research that intelligence is malleable and endeavoured to enhance the cognitive functions of children such as Processing Speed, Perceptual Reasoning, Verbal Comprehension and Working memory through chess training. Creativity of the children which includes thinking out of the box, and divergent thinking skills are enhanced through his chess training methodology. He has done pioneering work in India to bring Chess In Education and a possible inclusion as an optional subject in school curriculum through his research contributions. One of his studies also showed a positive correlation between Chess Training and Academic performance of Rural Indian children.

He has to his credit one chapter publication, nine paper publications and 28 conference and poster presentations.

His contribution to the society involves helping widows and orphans in their need of food, education, health insurance and building homes across India. His work in Community Development in Villages of Chittoor district of Andhra and in Punjab is noteworthy.

He is currently employed in the Indian Audit & Accounts Department as a Supervisor of Audit in Finance and Communication Audit Office, Chennai.

MR. MEHUL PUROHIT

In today's era, when everything is going online and just because of the rapid increment in the field of social media, many new Entrepreneurs and influencers have put their steps in the digital marketing. In that sequence, we have come across one of the most famous person, i.e., Mehul Purohit.

Mehul Purohit is the founder of one of the most popular digital marketing company @Multiphase_digital. It is said that your hard work always pays you, and really it is only his hard work which made him one of the biggest and famous Entrepreneur. Whenever we talk about any digital marketing company and branding expert his name is the first that comes to our mind. According to him Digital marketing is not something to boost a particular business rather it is something in which you give your 100% and it returns you with 100% profit.

Multiphase Digital is India's fastest digital marketing company. It is in the collaborations with many popular companies like Royal Challengers Bangalore, T-Series etc...

And now its main focus is on covering the Local Marketing so that they can provide their services on the ground level also so that the local marketers should also enjoy its benefits.

When we asked Mehul that why the Local Marketing idea strucked in his mind then he replied that he has seen many of the Indians going abroad and serving for there but he wants that being an Indian he want be so eligible that he can serve for his country and fellow members first instead of abroad and big companies.

That is why he is providing his services to all clients, doesn't matter the client is big or small, even a tea seller is also his client, which shows he is delivering his services for the welfare of the country from the ground level.

Multiphase Digital is a company that is almost known to many people specially in Mumbai, Gujarat, Rajasthan, and some other regions of North India.

He only believes in one thing i.e., Think Big. Trust Yourself And Make It Happen.

But obviously to achieve the success one have to put a lot of strength and determination and Mehul has done so that's why now daily he is climbing one step towards more success.

At the age of 9, he faced the biggest tragedy of his life when he lost his father. He was then only left with his mother and brother who were his support pillar. After the loss of his father, his family shifted to his maternal parents. His maternal parents has supported him throughout his journey and he says that he is blessed to have such family. By seeing that much of support from his family he wanted to achieve something big in his life, and decided to work harder. He has done his schooling from Bikaner itself. He was very much interested in GK/GS at his schooling phase, also he was good artist and done many stand up comedy shows. Many times he has represented India in GK but as he grew he realised he is made for something else and he moved to the Digital Marketing, and put his step in it.

He worked and worked and after one year only he earned 4 to 5 lakhs. At the age of 18 only he bought a vehicle from his own earning which costs ₹1,20,000, which is something not normal for such a small age. At the age when children play and enjoy their's life, he was earning and chasing his dreams.

He has a tagline:- MUJHE KISSI KA PATI BUNNE SE PEHLE CROREPATI BUNNA HAI.....!!!

He has worked in many fields like, he has represented India over world under G.k, he was ambassador of My Government, worked as Caption ambassador of Mobile Premier league, District Council Content Chairman, worked for Amazon pay also and many more. He is the only influencer of Google Crowd.

Now he is serving for his country, trying to give his best on the ground level. Hopefully his hard work is paying him and he is achieving his goals and pursuing his dreams.

He says:- Just don't give up trying to do what you really want to do. Where there is love and inspiration, I don't think you can go wrong.

MR. MOHAMMAD TATHEERUDDIN KAIF

Excellent educational, social and welfare services of Mohammed Tattheeruddin Kaif

Mohammed Tattheeruddin Kaif, a promising and well-known personality from Bidar, Karnataka, who did great deeds at an early age is a beacon for everyone.

Who have the honor of rendering innumerable educational, social and welfare services. His greatest work was guiding 200 students in a timely manner and helping them to enroll in medical, engineering and other professional courses for their academic future.

Mohammed Tattheeruddin Kaif, like his name, is a man of seriousness and dignity, civility and dignity, a figure of decency and politeness, a man of very strong, strong intentions and ideas.

Covid -19 In these circumstances, the most affected were the poor and the compelled people, the compelled and the helpless were facing significant problems at that time. Some are longing for their medicines and some are losing their jobs. Worried about leaving. During this painful period, Mohammed Tattheeruddin Kaif, started his social services for the bereaved families irrespective of religion and nationality. Perform the last rites of - Helping deserving children from poor families to get an education in view of their economically weaker conditions - Guiding those in need to benefit from government schemes is their daily business - Mohammed Tattheeruddin Kaif is sponsoring the education of orphans and deserving children and in this sponsorship they are provided with free text books, uniforms and stationery items as well as gifts on Eid, food packages and gift packs for winter and summer. Provide On the other hand, neglected villagers are also doing special work for disabled children.

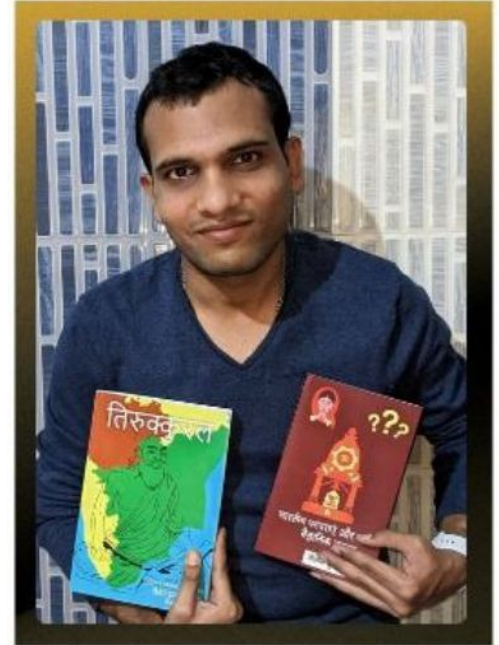

MR. NILESH KUMAR AGARWAL

Mythological author Mr. Nilesh Kumar Agarwal is an Indian author who is on a mission to educate society and has set himself the task of transforming the way of thinking of society. He is a well-known personality now. In the year 2021, he was nominated in the category of the top ten mythological authors in INDIA. As per him, there are very few people engaged in educating society. Not everyone dares to change the mindset of people around the world. Mythological author Nilesh Kumar Agarwal does his best to change the thought process of humans. According to him, everyone on earth is sent by God for a mission, and those who carry it out become crowned with success.

Born in Meerut on December 25th, 1989, Nilesh Kumar Agarwal grew up in Meerut, Uttar Pradesh. He completed his schooling at C.J.D.A.V. Public School, Meerut, and graduated from MAISM, Jaipur. Nilesh Kumar Agarwal started his own company in 2012 under the name NIDHI STOCK SOLUTIONS PRIVATE LIMITED. But he made huge losses in 2014 and closed his business.

In 2014, he joined Kotak securities and was fired from the job due to non-compliance. Then he joined Convergys and was again fired from the job due to non-compliance. In 2015, he joined FIS Global and he left it after six months for personal reasons. Then in 2016, he joined WIPRO limited, and after his divorce in 2019, he left that organisation as he went into a depression.

Nilesh Kumar Agarwal, an Indian mythological author, started his journey back in 2020. Since then, he has sensitized society to the various cultures present in INDIA. Today, in this modern time, people are interested in reading

more fictional stories. Mr. Nilesh Kumar Agarwal is ranked among the top ten mythological authors, following Dr. Devdutt Pattanaik, Kavita Kane, Chitra Banerjee Divakaruni, Amish Tripathi, Ashwin Sanghi, and many others who have done a tremendous job in enlightening society with a mythological twist. These writers are better known for spreading awareness about Indian cultures and traditions in society.

His famous book "INDIAN TRADITIONS AND THEIR SCIENTIFIC REASONS," which sold over 80000 copies in just one year, was a huge success, and he went on to write other books such as "THIRUKKURAL," "KABIR KE DOHE AUR RAMAYANA," and many others. His books are available in INDIA, UK, and USA online stores for all his readers through Amazon, Flipkart, and NotionPress. Her earlier books, which were written in an attempt to educate society about their traditions and knowledge of our ancestors, were loved by their readers and helped him rank among the top ten mythological authors in INDIA. Other books he has written include Shiva Vaani, Krishna Vaani, Shree Ganesh, and Shiv-Krishna-Hanuman-Ganeshji Ke Updesh.

His podcast for Shiva Vaani has crossed more than 100,000+ views on all platforms, including Spotify, Google podcast, Gaana, Jio Saavn, Wynk, Hungama, Hubhopper, and many others within a month of its release. He has done a show called "RAMAYANA REHSAYA" with Madhushree (Bollywood playback singer), which was aired on Radio City, INDIA, and is also available on Radio City's youtube page.

Mr. Nilesh Kumar Agarwal is also the founder of the NGO 'Nilesh StaallionFoundation', a crowdfunding platform that provides medical assistance to all living beings. Through his NGO. He had raised around 24 lac+ amount and helped more than 125+ campaigns. He organized several rabies vaccination camps and sterilization camps for dogs in Meerut, Noida, and Ghaziabad with the help of the government. Through his efforts, more than 70 percent of dogs in Meerut are now sterilized with the aim of not only controlling the population of dogs but also helping them to live healthy lives.

Through his books, he is trying to make people understand that fighting over religion will only satisfy you, not the God you follow. Everyone has to make sure they have the proper knowledge about their cultures and traditions. We certainly hope that he will be successful in his mission. He wants everybody to be conscious of the rules of the world, which can only happen once they know the rules of life in this world. The rulers' book is their holy book. He says no matter which religion you follow, you should know about your religion. Each religion transmits a simple message: you have to follow certain rules in order to survive in this game of life.

MR. NVL KRISHNA PRAKASH

The REAL GURU

Who Finds Happiness in Students Success Mr. Krishna Prakash Teaching is the Noble Profession among all Profession and Teacher is equal to God and teaches all of the other professions. The Real Guru, Inspires, Educates and Guide the students to crack their goals. In the Modern Era of Education in our Country, here we find the Real Guru Mr. Krishna Prakash, Educator, Unacademy who finds happiness in his student's success. He Educated, Guided & Successfully Mentored thousands of students to reach their goal in cracking examinations like GATE, ESE, State PSC's etc., Most of his students are IES Officers, State Govt Engineers, IITans & PSU Engineers.

Where It Starts?

The road to achievement was a long one but starting with just 12 students in 2004 in his own coaching, at the ripe age of 23, he understood that only by sharing what he knows, only by imparting his knowledge on a certain subject, he could grow as a person and as a teacher.

While helping the students around him evolve to utilise his skills and experience, he created a niche for him and his students. Seeing most of his learners getting placed in top institutes such as IITs and NITs, he got the confidence he needed to finally call himself a 'GURU'.

Encouragement Behind The Profession:

Understanding the need to prosper as a person, both educationally and morally, he figured out that he can achieve what he wants through the profession of an educator. Hailing from a small town, he realised the harsh truth and gave his all in his education. Till his masters, he continued to teach and maintain his studies. It helped him gain knowledge from all streams, which assisted him greatly. Providing the students with an easy approach to leave the subject effortlessly was why many students came to him to take tuition. This particular event struck him with a realisation that he can motivate people to grow through this journey.

Versatility in Profession:

Cracking the All India Level Examinations like GATE & ESE is not an easy task. It needs continuous effort dedication and also well experienced teachers exam specific lessons with proper guidance & mentorship. Here Mr. Krishna Prakash is a versatile teacher who knows everything about exam and strategies to crack it with his rich experience of 18years. He know all the odds faced by his past students and the hard paths faced by them to reach success. Based on this he created innovative techniques of studying, remembering concepts & short tricks to solve questions.

Time Management during preparation & in exam play important role in getting top rank. Mr. Krishna Prakash is the impeccable personality who knows to mentor & guide students till success. His Teaching & Mentoring the each and every student made him different from others.

Words From Bottom of Heart:

"Teaching to an intelligent and top student is an easy task as they understand easily but making an average and below average student to understand the concepts and made them to crack exam is a really challenging & worthy task which gives me immense pleasure to mould their future"

"The lessons I learned from my life and the hurdles I crossed were only the inspiration to me to grow in life. I am always a learner for Life and always a self-motivator."

MR. PIYUSH SINGH

Piyush Singh, A human who holds to capacity to begin and succeed is a resourceful leader & planner with a strong record of contributions in streamlining operations, invigorating businesses, heightening productivity, systems & procedures targeting assignments with an organization of repute. Born and brought up in Allahabad & Kanpur while watching Hindi Sahitya Sammelan and many other cultural and religious programmes considers witnessing the Hub of Indian Heritage as a part of his Overall Personality.

Ltd., Republic of Korea, Van Lear (London), Maharaja Sweets (New York), Mithas (New Jersey), Puranmal (Dubai), Hatzinakiz (Athens, Greece), Kumar Sweets (Australia) and Prans Foods (Fontanella, Italy) and so on.

Drove operational cost reductions, augmented production, infused change management and initiated process improvement ideas (5S, TPM, Poke Yoke, Kaizen) involving improved efficiency of operations, vendor development. Some rates which defines his success careers are how successfully he has enhanced unit performance & business profits to 35% from 15%, utilized State-Of-The-Art Tool & Feed Rate, thereby enhancing Overall Operating Efficiency (OEE) by 10%, Front-led delivery performance improvement by restructuring logistics processes, formulated sales strategies which resulted in augmenting sales results by 20% gross margin, Drove the production of 1 lakh packets per month; saved 50 kgs of silver, leading to cost savings of INR 23 lacs per month.

He has worked towards strategic business planning & effective resource optimization and some notable collaborations with new customers are Siemens, Philips, Quooker, AST, Intrax, Dragger, Tehama B.V., Ranpack and so on.

His laudable development of a new SPM effectively negotiated cost of German machines and reduced prices from INR 1 crore to INR 30 lacs. Led the implementation of multiple Six Sigma Projects to reduce wastage; developed several machines & automated process to increase production

Being a pervasive character he spearheaded the complete business of Tobacco & related products for CD Zarda Co. Pvt. Ltd., KTC Pvt. Ltd., Vimal Pan Masala, Chetna Zarda Co. & so on, Unani & Ayurvedic Medicines for Baidhnath, Himani, Dabur, Unexo Labs, Rex Remedies Ltd. & Major sweet shop chains namely Haldiram, Bikanerwala, Amul, Gulab, Kaleva, Lovely Sweet Chain, Chappan Bhog, Khushi Ram, Kanti Sweets, Banarsi Mithan Bhandar, Bhikha Ram Chand mal & so on. He developed Gold Leaves & Gold flakes customers like Himachal Cosmetics, Jiyo fragrances, Cosmic Kitchen pvt. Ltd., A.G Industries, HRC, Braize water, Azafran Innovation Ltd., Ng beauty LLP and so on.

To define his skills he is a decision-maker with strong communication, interpersonal, collaborative, analytical, negotiator, problem-solver. It's quite visible from his achievements how he was in different profiles and roles. When we talk about multi-tasking we talk about him. Other than all the achievements He worked in music industry for 11 years because of his great passion for music as well as for classical music he even joined Spic Macay as a volunteer in 1984. Another point to highlight came into picture when we got to know his interest in the field of occult sciences so he learnt astrology as well alongside as a Rotarian he was involved in many social projects. He was also a visiting faculty for management in many esteemed institute i.e. Bharti Vidya Peeth, Asian Institute of management.

He says "It's my optimistic approach and great will power which changed the situations every time and turned around the companies into profits", To cut a long story short he is a self motivated man who is indeed motivating every individual around him.

MR. SUNIL BABU KC

Dr. Sunil Babu founder of Adhimuni PCKM Chikithsalayam & Yoga Kendra. He was born in 1969 to Vijayamma (Retd. teacher) the eldest daughter of Ponnappan Vaidyar, a descendant of Athangottashan, a member of the Agasthya disciple series and Chellappan Pillai (Exservice man AMC) at Kuzhithura, Vilavankodu taluk, Kanyakumari district. From an early age he was attracted to Traditional Medicine (Folk medicine), Kalari Marma (Ancient Martial arts Mysticism), Yoga Vidya, Aathmikatha (Spirituality) and thus started learning basics of the above from his grandfather Ponnappan Ashan. After the death of his grandfather, to continue the studies in above fields he left home and went to Haridwar and Rishikesh in northern India, ignoring the opposition of his parents after completing 10th standard. From the following Sadhus, Poykamalai Thiruvadikal, Gyanavel Ashan, Minnal Kumaran Ashan, Paramananda Guru, Brahmananda Rishi, Purandara Dasan, Ramanuja Yogi, he learned and practiced Sarayogam, Marma Vidya, Chilambam, Adimurai, Parambarya nattu Vaidya, Naadi Shashtra, Tantra Vidya and Yoga Vidya for 9 Years and returned home. After that he worked as a conductor for Nesamani Transport Corporation in Tamil Nadu for 5 years. Slowly he realized that he could not serve his country if he continued so he quit his job and fully focused and practiced on the Yoga Kalari Marma Chikithsa.

From Kanyakumari to Kasaragod, he propagated and taught the art of Yoga Vidya and Kalari Marma Vidya, thus creating a wealth of 10000 disciples. He resided to Pathanamthitta in Kerala and he is still engaged in teaching and propagating this art to the common people.

After understanding Kalaikal of jeevan (Life) in the body and to live a healthy life without diseases, he merged Yoga Kalari Marma treatments which are now being taught and spread among the common people in 800 panchayats out of 941 panchayats from Thiruvananthapuram to Kasaragod. He was able to spread these techniques in the Tribal villages of Kerala as well. He merged Yoga Kalari Marma treatments and taught them in 800 panchayats out of 941 panchayats from Thiruvananthapuram to Kasaragod. Out of all the people he taught, 40% of the people got rid of diseases. 60% of the people in the villages started to experience a reduction in diseases. He was able to start Yoga vidya, Marma vidya and Kalari vidya classes in all the villages. As a result of being able to spread this technique in the Tribal villages of Kerala, reduction in diseases were noticed in those villages.

As a reward of his contributions he was awarded Honorary Doctorate in Traditional Medicine from Global Human Peace University in 2022. He was still continuing his duties as a human as well as a Traditional Healing ,Yoga, Kalari (Ancient Martial arts) Marma Vidhya continueing fromThiruvananthapuram to Kasaragod in Kerala.

MR. SUPRIYO BHATTACHARYA

Mr. Supriyo Bhattacharya is a versatile Academic Administrator. Currently, he heads the administrative department of a NGO named Bandhan Konnagar located at Shantiniketan, West Bengal. The NGO is dedicated to the development of communities and Mr Bhattacharya has been pioneer in streamlining policies and procedures with a proven capability to enhance operational effectiveness. He has been extremely efficient in strategizing new systems in the institute.

Mr. Bhattacharya headed a team of Green and Smart Campus of NSHM Knowledge Campus, Durgapur and bagged the 'District Green Champion' award by Ministry of Education, Govt of India. During the recent pandemic when COVID-19 was killing people on a large scale and the world urgently required vaccine to end the pandemic, Mr. Bhattacharya with his own zeal and enthusiasm, conducted a vaccination camp at NSHM Knowledge Campus, and ensured that the entire rural community are vaccinated at least with one dose.

He organized many free health camps and blood donation camps within the institute for rendering free services to the poor. He was appreciated by the Mahatma Gandhi National Council of Rural Education, Ministry of Education, Govt of India for rendering valuable services as a part of 'Beat COVID Campaign'. Mr Bhattacharya with his own acumen introduced 'Self Defense Training' to all girl student as measures to avert the impending danger.

Previously, Mr Bhattacharya was associated with Heritage Group of Institutions, Kolkata and IQ City Medical College, Durgapur. He has been resourceful in handling government compliances and skillful in handling student's grievances and problem solving. He has adroitly setup new departments of Medical College almost singly handedly which was appreciated by inspection bodies of the institute. Mr. Supriyo participated in the formulation and effective implementation of programs and activities concerning student discipline, welfare, and development. He promoted the emotional, social, moral, spiritual, and physical well-being of the students.

Supriyo Bhattacharya is a polished professional from Indian Armed Forces and has served more than 21 years with Indian Air Force. He has been a consistent top performer in IAF with various achievements and contributions to his credit. For his proven track record, he was handpicked for his services with United Nations Organization. During his association with UNO, he have facilitated cooperation as per international law, security, economic development and social progress. He is a decorated Air Veteran with several commendations and appreciations. He is Masters in Business Administration.

MR. TEJA THAMATAM

The path to success is not always easy...Teja Thammatam the managing director and ceo of Ramkarthik projects , an aspiring entrepreneur who is persuing his entrepreneurial dream of being one of the successfull entrepreneurs in the country for the generations to remember. after all starting a business from the scratch is one the scariest things in the world.the process and the road to success has kept Teja awake on many nights, thinking about all the things that could possibly go wrong or thinking about the things that could possibly go right and thinking that how one day , his name would fall in the list of best entrepreneur stories. Ofcourse if you read up on any entrepreneurship success story, you will find that most successfull busiessmen have gone through their fair share of struggles .many of them failed but continued to persue their goals relentlessly. teja being a first generation entrepreneuer ,has his share of struggles and

obstacles to reach to the stage where he is at present and is relentlessly persuing and is persistant on the process towards success. despite all the struggles the vision for the company and the goals he has set , is making him move forward to make ramkarthik projects as indias best infrastructure company .

Teja always remembers why he started and will never give up on his dream just because of the time and hurdles it takes to accomplish it . he believes very firmly that someone has to plant a tree today for someone to sit on its shade some day .

The ship in the harbour is safe but that is not what ships are built for...an entrepreneur can never thinks about his security and safety rather thinks for the future and future generations.

signing off....Teja Thammatam

First Club is "Social club" which relates duties of self towards the society and poor peoples also influence the importance of Education to students by helping and donating habits. He wants to show the reflections of life in both good ways and bad ways to his students. Second club is "Developers Club" which showcases the technical talents of the rural students and connects them with industry and its demand. Main Objective of the club is to recognising the local needs and atomizes it using software concepts. Third Club is "Green Club" which insists students to be with the nature and environment. Nature is doing its work of balancing, if human stop interfering natural things all mankind will survive, imparting this belief in his students he has able to achieve the AICTE's(All India Council for technical Education) "Green and Smart Campus award" for the Sanjivani K.B.P. Polytechnic for consecutive year 2020-21 and 2021-2022.

Mr. Ganesh is passionate about parent and child coaching and counselling to build a better and robust new age India. He is having hobbies like Singing, reading spiritual books helps him to balance his career and personal life.

MRS. POONAM SAGAR

Educator, Poet, World Record Holder

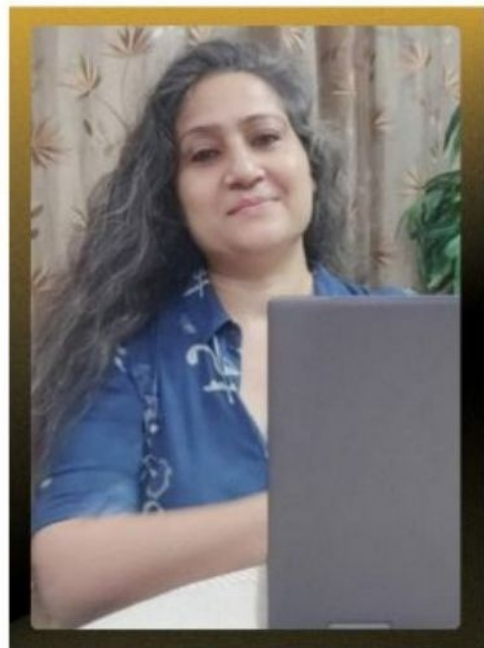

"Autumn do preparations for Spring,
Youthfulness of flowers lies in exoskeleton."

Poonam Sagar - An educator, a poet and a passionate, peaceful and patient person who never deviates from the path in darkness and strongly believes that life moves on. She regards any kind of halt or inactive phase in life as a chance of super activity - presenting one's own new version in the world through brooding and transforming self from within to thrive and flourish again.

She writes-

"पतझड़ भी किया करते हैं तैयारियां जश्नेबहार की,
सूखी फलियों में ज़िंदा फूलों का शबाब रहता है।"

means Autumn do preparations for Spring, Youthfulness of flowers lies in exoskeleton. As a poet, she grabbed an opportunity in the confined and stalled life during Covid, utilising technology at it's best, as a Managing Director of the event she brought Hindi poets on digital platforms - Facebook and YouTube and organized the longest live non-stop round o' clock continuous recitation session of Hindi poetry by 500 Poet's from more than 24 counties as well as from different states of India including 250 anchors for 15 days on the occasion of Hindi Day celebration and successfully carved a niche in the World Book of Record, London, United Kingdom. She served Mother tongue, popularized and established Hindi poetry on International and National literary horizon.

She has been conferred with Bharat Gaurav Shree Samman, Rashtra Prerna Samman in education and literature, Pandit Tilak Raj Sharma Smriti Nyas International Sanyukt Rashtr America Samman, 2022 for Hindi literature.

Her three books in collaboration of other poets have been published and she enjoys poetry recitation sessions in different cities, on virtual platforms and on TV channels.

She is a uniquely beautiful soul and humble personality serving the nation as a Lecturer, English in Directorate of Education, New Delhi for the past twenty eight years. She has been honoured with the prestigious "State Teachers' Award -2013," Government of Delhi, for her exquisite educational services. She has been an active part of almost all initiatives of Directorate of Education, Delhi and has been one of the teachers invited by the President Office for interaction with the then hon'able President. For more than a decade, she has been in a role of an education leader and a Teacher Development Coordinator. Her conscientious performances - whether it's using different teaching learning strategies, unique humanitarian approach and personal sensitivity for students' socio emotional well-being in her classes or serving as a resource person for teachers and for students of District Institute of Education and Training, Karkardooma, Delhi, or preparing question papers for class XII board students and for different competitive exams for Staff Selection Commission recruitments for various posts in central government departments ensured State Council of Educational Research and Training, New Delhi, Directorate of Education, Delhi. Consequently, SCERT and DOE, sponsored her TDC training and educational excursion to National Institute of Education International, Singapore.

During the pandemic closures of schools, she played an important role as one of the members of Team English comprising 9 lecturers of English from all over Delhi's government schools in conducting live classes for Senior secondary school students of CBSE board watched by lakhs of students of CBSE board in India and abroad. Conduction of these online classes, without formal training in Covid was just a result of need of the hour which gathered praise by students as well as educators. She was honoured with a certificate of appreciation from Director of Education, Delhi. Her only and only effort is to empower the girl students' academically and socio- emotionally and teaches them to dissolve all kinds of identity markers in a diversified cultural society.

Apart of all these virtues of wisdom and passion, she enjoys joy of giving either educational, monetary support to needy students or blood donation. She has pledged donation for her eyes and all organs after death with All India Institute of Medical Sciences, New Delhi. Only her humanitarian attitude is more than enough to define her worthiness to be published here.

MRS. SANJANA SRI - FUTURE FOCUS INFOTECH PVT. LTD

Kindness I believe is the inbuilt quality of a woman. & So does for me.

Starting with a thanking note to the almighty God & all special people of my life who have shaped & moulded me for what I am today and very big place goes for my MOTHER & DAD. They believed upbringing a girl with virtues and morals can win the hearts of many! & I must say, I am certainly Lucky enough to have won good hearted people. It's a blessing... Well,

I am Sanjana.S, a topper in school & gold medalist in graduation which no doubt pulled me for working with "Cognizant technology solutions" through campus recruitment.

I was placed in software testing with no choice of mine... But when I had no chance of change, I changed my mind and developed interest for it.. I took real time examples to learn the concepts and built my fundamentals strong.. I moved ahead in career with lot of confidence and took a shift to work with my current employer "Future Focus Infotech".

An excellent platform for learning, implementation and knowledge acquisition. I took every possible opportunity and made my work highly visible and viable. I never gave a thought to struggle the initial days of my career journey and that's what I believe has taken me to the place of a Women Leader today heading a team close to 10 members.

As a woman, I took responsibility in all roles of life and made justice to the extent possible.. As a working professional, I took efforts to manage time & planned my household chores without excuses too!

I naturally paved way for multi tasking and it later became my personality.

I spent my leisure time writing poems, expressing my joys & sorrows. I never failed to spend time with people who were with me through thick & thin. Spending Time/Money/effort towards a charitable/noble cause for people is my biggest happiness quotient.

If I have to give me 3 titles, I would say, A woman of Love, A woman of Vision & A Woman of Courage.

I believe possessing all these qualities have brought me to win the Icons of Asia -2022 awards.

A Message to the society: When you uplift a woman, you grow by all means.... Everything of yours will start getting multiplied for sure.

Thanks for respecting and honouring women leaders.

ADV. JATIN SHARMA

Mr. Jatin Sharma, a passionate lawyer about law and welfare of the society. She won the Ginwala Rolling Trophy for Best scientific presentation at the national association of oral and maxillofacial surgeons (AOMSI) Conference, 2016 and Publication Award by SRM university in 2021.

Her focus in life is training the country's young minds to perfect the art of delivering exemplary medical care to our society.

MS. GHAJAL KHAN

I am Ghazal Khan, CEO of Divyang Cricket Control Board of India and the world's biggest cricket league for the Physically Challenged Cricketers, Divyang Premier League. Also I'm the secretary of international affairs at International Cricket Council for the physically challenged, Vice-chairperson of International Council for the wheelchair cricket.

I am daughter of Mr Haroon Rasheed, the founder & secretary general of Divyang cricket control board of India. Since childhood I have seen my father working for the physically challenged youth through cricket. When I was student I used to help him in drafting letters etc. So I had an good knowledge of this Divyang cricket for a long time. In 2015 the very first Asia Cup was organized in India and it was a time when I indulged with this cricket, just as a volunteer. In the same year on 22nd December 2015, I was going for my MBA examination by my friend's scooty. Suddenly, while riding I got fainted due to low blood pressure and met with an extremely horrible accident. At that time none of my family members were at my home town except my brother Aman who is no more with us. I was dragged nearly 500 metres from the accident point. I had a fracture in my brain and even my face had lost its beauty. I went to Coma and I was 98% dead. On ventilator with 2% life saving chances I spent 2 days. But on 24th December 2015, on my birthday, Almighty Allah blessed me with a new life. I spent nearly a month in ICU and 6 months as complete bed rest.

At that time, the Differently-abled Cricketers used to call me and my dad each day to know about my health conditions. On the other hand some people who were very close to me, left me, just because I looked ugly. Since then, I use to do whatever I can for this Disability Cricket. Because I realized that the discrimination is being done with such cricketers. In 2016, I was appointed as the Head of Media and Marketing in Divyang Cricket Control Board of India (previously known as Disabled Sporting Society), in 2019 I promoted as the CEO of Indian Wheelchair Cricket and in 2021 I honored with the designation of CEO of Divyang Cricket Control Board of India. Recently I got promotion in International Cricket Council for the Physically Challenged as the Secretary of International Affairs.

I have fully dedicated myself for this Disability Cricket in India. I feel very proud to see the level of this Cricket is growing upwards in the success graph. I have seen Indian Cricket team for the Physically Challenged to win very first Asia Cup in 2015, Indian Wheelchair Cricket team to be Runner up in Asia Cup 2019 at Kathmandu, Nepal. Very proud that Indian Cricket team for the Physically Challenged has played 106 International Matches in various countries and out of 106, 90 matches have been won by team India.

I am working to establish Physically Challenged Cricket worldwide i.e. Republic of Liberia, Antigua, Zimbabwe, UAE, Saudi Arabia etc. It is my honor that I'm the only female in ICCPC and also the youngest one.

My passion, ambition and life is Disability Cricket. I'm very much grateful of the Almighty Allah for being chosen by him for the special job. My aim is to provide these cricketers same platform as the normal players get, the same dignity as the normal players get. Why do we see there disability instead of their Special ability..?

Somehow I am successful to climb step 1 of my aim with the grand success of Divyang Premier League DPL T-20 season 1 (similar to IPL), the world's biggest and only cricket league for the Physically Challenged Cricketers. Now I'm working for the next edition of DPL T-20, in which I'm going to include Differently Abled Cricketers from all over the world.

MS. KRITIKA YADAV

Career

At the age of 21, Kritika Yadav, CFP (USA), started her profession by making investments across a variety of asset classes. She started Market Maestro Pvt. She afterwards pursued a doctorate degree in finance and earned a CFP from the FPSB USA, becoming the Gold Standard in finance.

Bio

Kritika Yadav, CFP (USA), a versatile woman who excels in her line of work. She is very remarkable, and the investors benefit much from the way she presents the stock market—the trickiest area of finance—in an understandable way. She has won a lot of admiration and acclaim for her personable and lucid teaching style as well as for her thorough research and education of investors. Extreme empathy and an ethical commitment, which are what motivate her work, are two of her most outstanding qualities. Since she had always been fascinated and engaged in the stock market. Her growing appreciation for investing in her own firm was influenced by her technique, plan, and enthusiasm. She is driven to put in a lot of effort because she wants to have a positive impact on society and be an inspiration to the next generation.

About her own Corporation

Market Maestro Pvt. Ltd. company was started operating in 2017. The company specialises in investing education and provides guidance on navigating the market to both novice and seasoned investors. Additionally, she works with Market Maestro to improve financial literacy in rural communities. Her main objective is to develop long-term investing strategies for urban and rural women. Her success story serves as a continual h her monopoly-type website, Kritika Yadav, CFP (USA) seeks to provide those average investors the wings they need to soar high in the stock market.

Her Life Mantra

- Her motivation is aided by a clear image of the goals she must reach. Take small steps; eventually, they will lead to your creativity. Her drive to make a difference in society and her desire to set a good example for future generations motivate her to work hard. Kritika aspires to serve as an example for all women, showing them that they are capable of breaking barriers as she did when she became the first financial planner.
- Being an entrepreneur requires you to totally accept ambiguity and be at ease with frequent challenges. People who choose this path succeed due to their unflinching faith, focus on delivering, and persistence.

source of motivation for many young people, and her charity pursuits serve as an example of how they should behave.

Struggle

As an entrepreneur and Co-Founder of the business Market Maestro, Kritika Yadav, CFP (USA), claims that there are numerous challenges waiting to confront you, but in order to overcome them, you must find the answer with a clear head and self-assurance. Kritika enjoys seeing ideas come to life and believes that everyone can accomplish the same with the right actions. Don't give up too soon, and establish a pattern with proper planning and time management rather than working erratic hours. Success in your profession depends on your ability to persevere and be patient.

Achievements

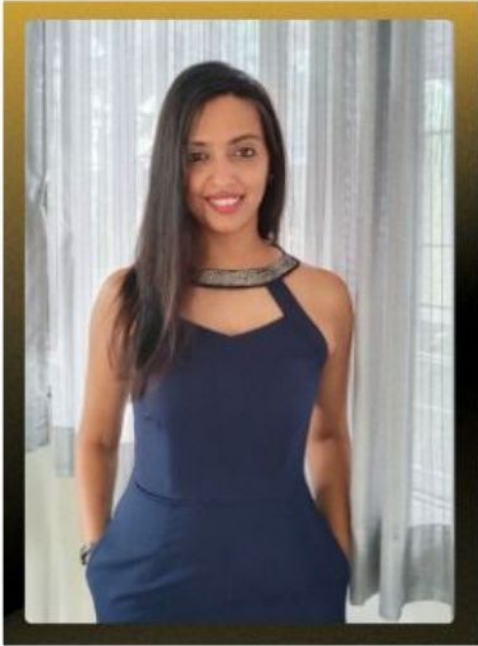

- The government's Rural and Urban Development Summit recently presented Ms. Kritika with the "Women Achievement Award 2022" in the field of finance.
- She also received Icons of Asia's award for Asia's Rising Star of the Year 2022.
- Ms. Kritika received silver play buttons and praise from the CEO of YouTube for her outstanding work in the finance sector and for educating the public about investing and stock markets.
- There are about 1800 CFPs in India and she is among TOP 30 Woman CFPs from Chhattisgarh to acquire the title of Certified Financial Planner, and her tenacious attitude helped her obtain this designation from the FPSB (Financial Planning Standard Board).

Kritika Yadav CFP (USA) launches her website Kritikatopstocks.com. to find stocks that are undervalued

Kritika Yadav, CFP USA, has launched her first website, Kritikatopstocks.com. is a website to give clients a thorough overview of the activities of their investments. The website displays the two multibagger stocks you receive each month. The real-time stock price updates on this website make it stand out from the competition. The two top multibagger stocks in each category, such as mid-cap and small-cap, are also made available to customers on a monthly basis. In order to use the functions of the website kritikatopstocks.com, users must first register there.

Customers may learn about the less complicated treasury portion of investing on the internet, where they can make money. With her initial platform, Kritika attempts to establish a monopoly on the provision of the most recent information on stocks in which promoters are increasing their interests, stocks in which FIIs are purchasing, and stocks in which Mutual Funds are purchasing. Ordinary investors may potentially generate enormous fortune with this info if purchased at the same time. Visitors to kritikatopstocks.com can benefit from this treasury.

MS. MINAKSHI SHARAD MOHITE

Who is Minakshi Sharad Mohite? Born to a gold medalist Architect practicing for 40 years & excelling in the field of religious & institutional architecture, everyone thinks I have got my profession in legacy. But my professional journey has been a lot more interesting than that.

After completing my BARCH for BNCA in 2005 I aspired to have my own experience in the field of architecture, my professional journey has given me enriching experiences which an interior architect can only dream of, I have worked on mega projects scaling 16,000 sqft & above in early years of my profession giving me practical experience of the field work & technicalities of big scale projects.

I have also worked with international architects from UK & Australia which helped me upscale my standards & align my work to international level.

I have had the opportunity to be a guest lecturer for my field, which gave me an introspect in today's youth's mind & their amazing ideology. I have also been featured in an international podcast by "Occupied homes" where I could brainstorm with the hosts on possibilities of home staging in India.

I believe architecture & interiors is a field where an individual never

stops learning & growing in experience, it's a sector of profession where each day something new is coming into the market the beauty of the creative field is that sky is the limit for your imagination.

I believe that each and every client is entitled to a better lifestyle I can proudly say that we are not a firm who takes our practice as business but we take it as an opportunity to educate our clients to the rightful way of looking at interior architecture & how it can help make their life more convenient with our solution based consultation.

We provide all our customers an enticing experience with end to end package of vastu consultation, color psychology, ambiance creation with lighting consultation, décor & furnishings, landscape consultation, architectural enhancements along with our interior designing consultation, we think of ourselves as a interior solutions mall where one can avail all services at one place.

Over 17 years I have build an empire of my own with sheer hardwork, many sleepless nights & huge support from my family. I am honored to get this recognition from Icons of Asia it is surely an inspiration & a driving force.

- Ashoka Emblem Trophy winner from Magical Book of Record as A versatile Artistic Girl Award.
- Iconic Talent Award presents Shining star Award.

What I believe in ?

I believe that nothing is impossible, what matters is the will power and faith upon oneself and God. Habits can't be changed but can be reduced as this will be the turning point to achieve anything in life only when we stay positive and active. Life is an opportunity and we should never miss an opportunity. Faith can be changed within a minute and can be destroyed as well. So we should be very careful and aware of everything around us. I, me and myself is enough to compete with the odds.

What I am planning in the upcoming years ?

I am planning to take up projects on my village area, Dakhin Majuli so as to bring this place come to light and people living there get many more facilities. I have covered story based on the Life Style and Life history of the people of Dakhin Majuli for newspaper magazines.

MS. SOMA SINGH

A Self-made Women Entrepreneur, Teacher, Social Worker, Vastu, and Numerology Consultant

Mrs. Soma Singh, partner and head of sales, marketing, and finance at aaBco, a Jaipur-based manufacturing company, was born and brought up into a disciplinarian family in Ranchi. Like most other middle-class parents, her father wanted her to marry off early and lead a peaceful life. But during her childhood days, her mother inspired her to get educated and fulfill her potential. Although Soma lost her at a young age, this did not deter her from achieving her dreams. An average student at school, she pursued MA in English Literature from Ranchi University. With a postgraduation degree in her hand, young Soma had many big dreams in her eyes. But as her family asked her to prioritize marriage over career plans, she conceded to their wishes and married a businessman, Mr. Ajay Jain. After six years of her marriage, she expressed her desire to work as a school teacher. Defying all the age-old perceptions about Indian men, her husband not only supported her decision but also came forward as an equal partner in raising their only daughter, Jigisha Jain.

For the next 6 years, she continued her teaching job before she realized her calling for entrepreneurship. In 2015, she joined her husband's candle manufacturing business, aaBco. During this time, the firm lacked the necessary infrastructure and the couple was mainly operating it from their home. For the bootstrapped start-up, the biggest challenge was to find a USP that can differentiate its products from the rest. Soma felt that the market could pick up if the candles were made more unique

and fashionable because by this time, people had started using scented and designer candles for aromatherapy and home decor. The idea proved right and soon the company started getting many big orders. To meet this sudden hike in demand, the firm set up a proper manufacturing unit of 1000 sq. ft. Since then, there was no looking back.

In the next few years, Soma learned different aspects of business and with her creative mindset, she started to craft her brand's identity by manufacturing a diverse range of products, such as polyresin statues, essential oils, backflow smoke fountains, and candle stands. She also acquired many new skills, such as aroma therapy, pranic healing, numerology, and Vastu. Eventually, she kept on applying the knowledge gained from these areas to expand her business. Today, her company has acquired four manufacturing units, that too without availing any loan or investment fund. In such a less time, aaBco has achieved a pan-India reach and has been expanding its business worldwide. Its unique line of products has been giving tough competition to Chinese manufacturers. In fact, aaBco has become one of the best manufacturers of candles and polyresin statues in the region which earns its revenues through its B2B platform. The end goal of the company is to become the best candle and polyresin manufacturing brand on a global platform.

The journey was not an easy one- there were many instances when the company's sales dipped and it was lacking enough money to maintain the raw material supply. Soma says that it is her deep-rooted ethics, self-belief, and a great team of employees that help her achieve big milestones by overcoming every obstacle. The company ensures that every worker gets a supportive environment. Even during the starting phase of the COVID era, when most other manufacturing businesses in the country fired their employees, aaBco stood up with its artisans and kept paying their salaries. After the lockdown ended, the firm continued to manage its productivity by encompassing the physical distancing policy and reforming the plants' operating procedures.

Mrs Soma believes that learning is a life-long pursuit that helps one excel and remain ahead in this competitive era. Therefore, she not only keeps on brushing her skills but also provides personal and professional development opportunities to the employee. Apart from this, being a responsible Indian citizen, she has been creating numerous opportunities to employ the lesser privileged strata of society. By providing free candle-making courses, she has been at the forefront of empowering women in Rajasthan. For this noble cause, she has collaborated with many NGOs for vocational training. Moreover, she has been organizing many candle-making workshops and motivational seminars across the country. She also aspires to help small businesses and women entrepreneurs with effective consultation for a successful upscale.

During the last few years, Soma Singh is fundamentally re-defining the candle-making and polyresin statue business, by seamlessly joining the dots between end customers and retailers. A woman of substance, she donned several hats as a teacher, entrepreneur, social worker, and motivational speaker. For her exemplary achievements, she was felicitated with Nari Shakti Ko Pranaam Award by Brijbhoomi Foundation. She has proved that by proceeding with gumption and unbridled enthusiasm, women can achieve anything under the sun. To all the aspiring women entrepreneurs, Soma suggests not getting carried away by the various challenges, instead utilizing them to carve out new opportunities.

SRS ENTERPRISE - MR. S MURALIDHARAN

I was born and brought up in a lower middle class family in Coimbatore. During my childhood, amongst all odds, hardships and numerous set backs in my schooling there was just one person who had an undying trust in me. He sincerely believed and wished that I would be successful. He protected me from everyone around me and encouraged me to look forward to a bright future. It was my dear Father Mr. Shanmugam but I lost him very early in my life. I had to win atleast for the trust he had in me. I now extend the same level of trust to my dear employees and my beloved customers.

My career started as a Sales Executive at Cease Fire Industries at 2009. From Sales Executive to Manager, my career growth began. But, I quit my job in 2014 as a Sales Manager and continued my own entrepreneurial journey as a Stockist and later grew our organization to be the largest retailer and service provider of Fire Fighting products all over Southern India. We have a number of remarkable achievements in our 8 years of service and we are proudly stepping into 9th year.

Continuing to serve as a trusted partner for our clients with a commendable range of superior Fire Safety products and services, we have etched and established ourselves a place as a pioneer and leader in the field of Fire Safety.

SRS ENTERPRISES is the best and renowned ISO 9001:2015 certified Fire Safety Organization all over south India with corporate membership in Fire & Security Association of INDIA (FSAI).

We strive to provide the most qualitative Fire safety services and product range. You can come to us with projects of any size from a home to a large scale Industry. We know and have what you would need to secure your premises and would be glad to help out and earn your business.

We believe in making this world a safer place for all of us and we enable it through our dedication towards our customers and services.

Our core aim has been to enable protection of customers' lives and assets to the maximum possible extent.

Core products and services:

- Automatic Suppression System
- Automatic Fire Hydrant system
- Automatic Sprinkler system
- Fire Detection & Alarm system
- Special category Fire Extinguisher (MRI nonmagnetic. Lith EX)

Why Choose SRS?

- All safety products and services under one umbrella.
- Our products are ISI certified and come with a quality promise
- Installation, service and maintenance support
- Competitive prices
- Dedicated and cooperative sales and service team

THE ANANTA UDAIPUR - MR. ASHUTOSH GOYAL

CAFE SUSPENSION

Mr. Md Asaduzzaman has completed his post-graduation from Jahangirnagar University in Bangladesh. He started his career with sales, marketing, distribution, product design-development, credit collection since 2002. He had a glorious long 13 years career with a renowned mobile phone operator in Bangladesh with lots of activities and achievements.

He has lost his job in pandemic time last June 2021 though the company made profit 3.7 Cr. BDT on that year. When his colleagues were frustrated after the incident, he decided to do something for himself as well as for society. He started his proprietorship business in last October Named "**CAFE SUSPENSION**" with the slogan, "Eat and Feed" as a fast food restaurant.

The name of the restaurant, Cafe Suspension is different from other. All the food items made by his family member as a homemade food. They sale this quality food with a

very reasonable price. They provide free Suspension food to the peoples who are not able to purchase a quality food. It's not for profit only, it's an innovative idea first ever in Bangladesh to help people through food. Here they donate food from their side and customer can dote food through suspension process. In last Jan-June 2022, they provided suspension food towards 2150 people in their locality. They provided this food to Street children, the people who sleeps in footpath, child home, Old home, the aged rickshaw pullers, physically disabled and the ancient who has no money to purchase food.

Business Goal of Cafe Suspension:

- * Provide quality food with a reasonable price.
- * To help the people through suspension food who really deserve.
- * Standing with food help in a natural disaster and crisis.
- * Sending the message of suspension food to all the people in our country.
- * Making a sustainable Suspension food Chain Shop in our country within the next five years.
- * To help the potential female for their financial sustainability through food business.
- * To help globally where people are really in a food crisis.

CHAIWALAS PVT. LTD

No one can live a positive life without failing. However, many people experience a fear of failure, despite its inevitability in life. Failure, as you will see from these success story, you realise the key ingredient for the recipe of success. One such passionate and inspiring youth, Rohit Kumar Sharma, the founder & CEO of "Chaiwalas", at a very juvenile age of 25 years, has embraced his name amongst the most successful entrepreneurs of Rajasthan and winner of the icons of asia award 2022.

Loosing First Business

Rohit, who hails from Dausa, a small district in Rajasthan, comes from an affluent family. At the age of 17, Rohit had to leave his nursing studies and join the family business to help his father. After few months, his family business winded up and his family suffered huge financial loss resulting in some extreme exacting conditions. Being a responsible and sensible person, seeing the crisis of livelihood in front of the family for the future, Rohit decided to set up a startup of his own. Since their financial conditions were bad and a tea shop requires the least funds to operate, Rohit decided to open a tea shop and start a startup "Chaiwalas" from Jaipur itself.

Got lots of Failures

Rohit's journey of establishing a renowned brand "Chaiwalas" was not facile or a fluke, but his success was a consequence of his perseverating and persisting actions despite numerous failures and hurdles he faced. Rohit attributes his success to his repeated failures. He believes – "Do not be embarrassed by your failures, learn from them and start again." When Rohit confronted his desire to do a business and open a tea shop in front of his family, his family strongly opposed it. Some relatives came forward to do business together at that time, but as soon as they heard about the opening of a tea shop, they too stepped back. But Rohit knew that this was the only

way he can help his family in finances and hence, with great difficulty, rented a shop in Jaipur. As soon as he rented the shop, his grandfather had an accident, and all the money raised for the business went towards his treatment. He was forced to give up his intention at that time. As soon as his grandfather recovered, he immediately returned to Jaipur and starts his startup again with the help of his mother and his friend Shubham.

Again Fail due Covid 19

Covid-19 pandemic was a bane for humanity. It not only caused the death of millions of people, but also a huge number of startups went bankrupt. "Chaiwalas" was not an exception to it. After becoming famous, as soon as Rohit gave his first franchise, there was a lockdown, and he had to cancel that deal. This affected him adversely, and he got paralysis due to mental pain and was physically broken. But due to his dauntless and gallant courage, he worked hard again and set new heights of success. Rohit gives that credits to his wife deepali sharma, she support him that time. Today, 3 branches of Chaiwalas are running successfully, and 5 new branches are going to open soon. Today Chaiwalas is opening its branches not only in Rajasthan but also in Uttar Pradesh.

Getting Too Many Awards

Currently being the founder of "Chaiwalas" and being a successful entrepreneur, Rohit is motivating the youth to become an entrepreneur. The ambassadors of Nigeria, Costa Rica, Tobago, Tanzania, Jamaica, and Cuba have also honored Rohit for building a successful startup at such a juvenile age. Rohit has also received many big awards in the past including Red FM Thappa Award, Excellence in Tea and Coffee Rajasthan Excellence Award. In the evaluation competition organized for Jaipur Tea Shops, Rohit won by defeating other tea shops of Jaipur who have been running for several decades. Recently, the Governor of Rajasthan, Shri Kalraj Mishra and Jaipur MP Shri Ramcharan Bohra on National M.S.M.E Awards 2022 organized by G.I.B.F., for Business Excellence, honored Rohit with the "Innovative Startup of the Year" award for their Startup Chaiwalas. Rohit also win JCDC popular choice award 2022, Young Entrepreneur Award 2022, Icons of India and Many more. Not only this, many celebrities like Chief Minister Ashok Gehlot, Lok Sabha Speaker Om Birla, Cabinet Minister Mahesh Joshi, Cabinet Brijkishore Sharma, BJP leader Ashok Parnami, former minister Arun Chaturvedi, Jaipur MP Ramcharan Bohra, MLA Ashok Lahouti, Rajya Sabha MP Ghanshyam Tiwari, Bollywood actor Vikalp Mehta, Shravan Sagar and many other VIPs have visited "Chaiwalas".

Rohit accredits his beloved Lord Khatushyam ji, His family, his friends, and his idol IAS Pawan Arora for his success and prosperity.

DR. CHIRAG JYOTIYANA

An emergency room visit can be unpredictable. Some of the visits turn out to be fairly benign. But others may involve major trauma, heart attack, stroke, or other life-threatening illness. Patients who walk into the emergency room can be of any age, background and medical history. Quickly getting emergency room patients the care they need and often saving their lives is the job of the emergency medicine physician. If you have ever visited an emergency room, you may have first-hand experience with an emergency room doctor. If not, you have probably at least seen one portrayed on television.

Dr CHIRAG JYOTIYANA (MBBS, Dip. EM, MRCEM u.k) currently working as a Emergency physician in a Multispecialty hospital and trauma centre in Ahmedabad Gujarat, Started his journey as a emergency physician in 2016 from prestigious Apollo Hospital Ahmedabad Having a total 7 years of experience In the field of Emergency department and has treated a many

critically ill patient from reviving a cardiac arrest patient to managing a stroke heart attack sepsis or to deal with day to day routine flu like infection he has a vast experience. He was member of team for the JCI and NABH in hospital inspection for continuous 4years and at present also he is sharing his expertise with other hospital for developing the emergency department and to make policies like code blue code orange and many other pathways including trauma stroke heart attack and pediatrics emergency. Dr chirag many international and domestic sports has been a commendable and great sense with experience of managing patients in ambulance and transferring them from one destination to other whether patient is on life saving supports. He has done a very hard work during covid pandemic managing patient in emergency room and giving them best treatment including psychological support.

He was also been associated with event like Indian football team and Kabaddi Team Prokabaddi league and many cricket event from domestic level to international matches including IPL. He has experience of managing medical departments at Sardar Vallabhbhai Patel International Airport Ahmedabad. Dr chirag is been conducting life saving skill classes like ACLs first aid on regular basis and helping people and making society aware when and how to save a life if you are alone. Dr chirag has also been very active in academics he has published many poster articles on national and international level with delivering lectures on various topics through out India and on international level. His goal is to aware everyone in society how to deal in emergency situations like from giving a CPR to applying a temporary splint to fracture patient and to make this world a better place.

DR.

I A KHAN

Dr. I.A khan s/o Izhar Ahmad khan is a resident of sampurna nagar, a small village in lakhimpur kheri district of uttar pradesh, he completed his schooling from Sampurna nagar , Lucknow and Jaipur, he does his graduation from Jaipur.

After completion his studies, he took over his father's small business. Simultaneously he handled the business and worked for the betterment of the people. Since childhood, he has been a very kind person. His focus is always on the welfare of the society, and preserving the environment, service to the nation is his religion.

Along with handling his business, he also did work for betterment of the needy people, gave money for better treatment of so many needy sick people, distributed medicine in the flood area, gave sanitary kits, he also worked in rural area education awareness programme.

He planted thousands of plant to protect the environment and run programme to awareness about protecting the environment. During corona time, he helped people by providing free oxygen and medicines also distributed Rashan in corona time.

He also campaign for awareness of cleanness, corona vaccination, blood donation etc. He associated with several N.G.O, who worked for betterment of society in rural areas. Purpose of his life is to serve the country, helping the needy people and preserving nature.

DR. RATHER BASHIR

I am Dr Rather Bashir from the remote area of India which is known as Jammu & Kashmir as a state. Since 1990 I joined as Anaesthesia Dept in the department of Health & Family Welfare Government of Jammu & Kashmir. As a Medical professional, I have been serviced at high altitudes of border areas like Kargil & Ladakh. The location where I am residing is 30 kms away from the Srinagar city which is without having special facilities of modern necessities. I opened a charity hospital for poor people with latest options in the year of 2005. During my service I continue my studies in

Aesthetic & Cosmetic procedures & acquired a Degree in this field. By the virtue of giving good service to the poor patients in my hospital I have also been awarded Doctorate in Medical Science by the Human Rights Commission. To combat the Covid19 wave I voluntarily offered my Charity Hospital to the government of Jammu and Kashmir for about one & a half year along with all infrastructure, manpower & other sources. Lakhs of the Covid patients have been treated & recovered in this charity hospital. In my 30 years of service I worked in the health department including Sundays, holidays & night hours by feeling proud to serve the brotherhood without seeing any cast & culture. Besides the health & medical services I am working as a social worker promote the poor community towards the higher achievements.

Promoting the special medical facilities to the inhabitants of my locality is the priority of my upcoming ideas. Hope your gracious self will recognise me & boost my spirit of being the servant of the poor & abandoned people living in my remote villages.

Thank you!

He always believes that an honest, committed & ethical Skin practice pays off in the long run & earns a lot of goodwill in this Noble profession.

MR. AJAY SAHAY

DIGITAL INDIA - MGNREGA LABOURS, DIVYANGJAJ & MIGRANTS LABOURS

PROGRAMME OFFICER LAUNCHES 5 MGNREGA APPS

Rural people and laborers can be empowered with Digital India in rural areas. Prime Minister, Shri Narendra Modi made a positive effort in rural areas to realize the dream of Digital India. Rural people through Digital India. It is a very positive effort to take all the welfare schemes of the government to them.

MGNREGA PRAVASI ROJGAR APP

The infection of coronavirus is going on, if anyone has to suffer the most, then it is the laborers who earn their living by earning daily. Due to the infection, the migrant laborers of other states who are returning to their homes are getting proper employment. To make arrangements, these people are being given employment by the government under the MNREGA scheme. For a long time, hundreds of laborers trapped in the end have somehow reached their homes, now they are worried

about the maintenance of the family. Such a situation, they have got a big relief from the availability of employment under the MNREGA scheme. In this app, a complete list of what can be done under MNREGA has been provided. Migrants labours & Divyangjan will be provided employment on priority basis, it is available on Google App.

For the promotion of Digital India in the rural area, rural women were made the brand ambassadors and they spread the promotion of Digital India among the women of the group and said how it would be beneficial for rural women and how they informed about the welfare scheme. Digital India is so important for this that its group was given information about women.

Due to the many works I have done for the differently abled people for the last 13 years, I felt that they should be empowered by connecting them with Digital India. In this app, Divyangjan was made aware of Divyangjan 2016 along with the details of works under MNREGA.

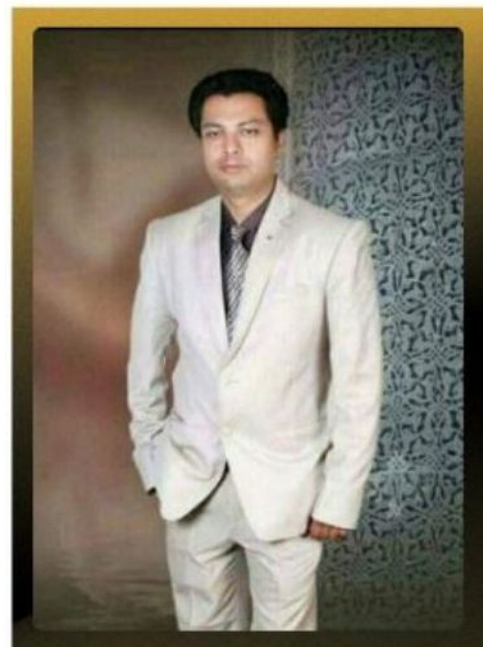

Due to this, there has been a lot of awareness among people with disabilities about MNREGA. The Divyangjan app has been uploaded on Google Play Store, more than 10,000 apps have been downloaded, then I felt that it should be made so that Divyangjan can make job cards sitting at home. Livelihood sitting at home means can be found from MNREGA like goat from a cow to vermi compost etc.

reach Digital India or I will always try, along with many more, I will create new app for MNREGA workers under Digital India, so that their information is also bigger and they can be in any welfare scheme. Whether it is possible to think or will be my effort and later on Digital India which I have implemented in panchayat and block, later on other states will also implement the same effort in their own state, such is my thinking.

MR. ANKIT PAUL

Myself Shri Ankit Paul I am a physics lecture in Government higher secondary school, sadgud ,Jagdalpur:- block district :- baster, state :- Chhattisgarh, City :- Jagdalpur..

I have done my schooling from standard first to standard 9th in National English higher secondary school Jagdalpur and class 10th standard passing from Sharda convent higher secondary school Jagdalpur. After that I have done the rest of the my schooling of standard 11th and standard 12th from Nirmal higher secondary school Jagdalpur in the year 2003. After that I have got 96 percentage in physics chemistry and mathematics in standard 12th for that reason I got selected in counselling in Government engineering College Raipur in 2003 batch after that Government engineering College Raipur is converted to NIIT Raipur. Due to certain circumstances my grandmother expired and I have to take transfer from NIIT Raipur to Government engineering College Jagdalpur district Bastar.. after that I have done my engineering from the branch electronics and telecommunication engineering from 2004 to 2008 . I have done successfully and completed engineering in electronic and telecommunication. After completion of my engineering degree in electronic and telecommunication I got selected as a principal in Bhabha industrial training centre Jagdalpur near FCI godown, kumarpara for nearly 10 months... After that I want to complete my MBA and PGDCA course from Punjab technical University, Jalandhar.. so for the completion of my PGDCA and MBA course I have to resign from the principal ship of Bhabha industrial training centre... After that I have completely and successfully completed my PGDCA course and also MBA course in human resource management from the year 2009 to 2013...

After the completion of MBA I want to join and engineer post in DRDO girola, district baster... India Rio girola district baster I have selected as a instrumentation engineer for 6 months... After that I want to become a successful lecturer and teacher... For that I want to complete my b.Ed bachelor in degree in education.. I have successfully done my b.Ed bachelor in education degree from Shri vedmata Gayatri College, kangoli,Jagdalpur district Bastar in the year 2014 to 15... In the year from 2012 to 2013 and from 2013 to 2014 I have also successfully completed my master of science degree in the subject physics from the maths University Raipurarang....After that I have got selected in interview in Saraswati Shishu Mandir ,kangoli, Jagdalpur district Bastar.. I have done my teaching successfully in Saraswati Shishu Mandir as a Aacharya of physics and mathematics for one and half year.. After that I have got selected as a outsourcing Vidya mitan teacher and call me services of Chhattisgarh from 2016 to 2017..

First of all I got Government higher secondary school as a physics lecturer.. After that I have got Nagar Nigam higher secondary school as a physics LECTURER.. After that I have got selected in Chhattisgarh professional examination which is conducted on the year 2017 in the August month and from zila Panchayat baster I have secured a wonderful position and got selected as a merit candidate and from the Jila Panchayat notice board I saw my name in the selected candidates. Totally six candidates are selected for the post of lecturer in Government higher secondary schools from

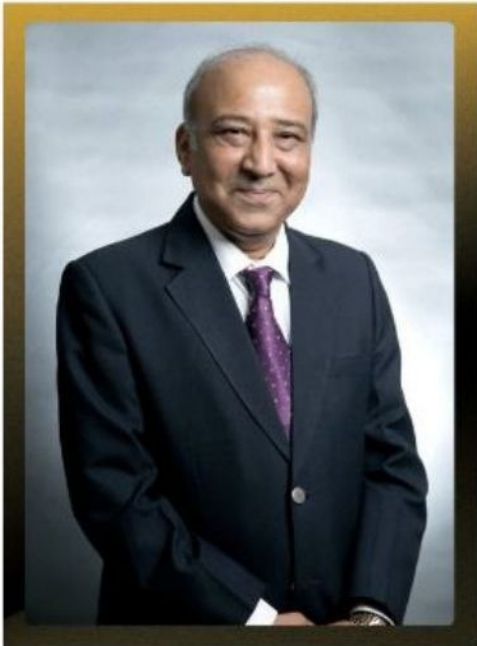

Bastar district.. after the order comes and in the date 30th July 2018 a call from Jila panchayat to me and I gone to the Jila Panchayat and collect my appointment letter and order of joining in the Government higher secondary school sadgud,Jagdalpur block district baster state Chhattisgarh.. so in the date 31st July 2018 I completely join the school and from 31st July 2018 to 18th August 2022 I am a best physics lecturer in the Government higher secondary school ,SADGUD,Jagdalpur block district Bastar working wonderfully and successfully.. MY SCHOOL UDISE CODE IS :-2215 33 06703..

IN 6TH AUGUST 2022 SELECTED AS BEST EDUCATION EXCELLENCE AWARD 2022 AS A BEST PHYSICS LECTURER OF THE YEAR 2022 IN ONLINE MODE.. EACH WILL BE

PUBLISHED IN YOUTUBE CHANNEL.. I HAVE ALSO GOT SELECTED AS BEST TEACHER NATIONAL LEVEL EDUCATORS AWARD OF MVLA ORGANISATION... AFTER THAT I HAVE ALSO SELECTED AS A BEST SCIENCE TEACHER OF THE YEAR AWARD IN INDIAN ICON AWARDS 2022.. I HAVE ALSO GOT SELECTED AS A BEST PHYSICS EDUCATOR OF THE YEAR 2022 IN INDIAN PRIME ICON AWARDS 2022.. I HAVE ALSO GOT MY HONOURARY DOCTORATE FROM GLOBAL HUMAN RIGHT TRUST AND NOW I BECOME A DOCTORATE FOR SUCCESSFUL EMINENT EDUCATIONALIST.

I HAVE DONE MANY ONLINE COURSES IN CHHATTISGARH FOR EXAMPLE TATA INSTITUTE OF SOCIAL SCIENCE TISS NISHTHA MODULES IN DIKSHA APP UP TO 12 MODULES I HAVE SUCCESSFULLY COMPLETED AND GOD ALL THE CERTIFICATES I HAVE ALSO DONE ONLINE COURSES IN CHOCOLATE APP ALMOST 4 TO 5 CHOCOLATE TABS I HAVE SUCCESSFULLY CONDUCTED AND COMPLETED THE PROGRAMS I HAVE ALSO COMPLETED MANY NISTA PROGRAMS IN MIDDLE LEVEL PRIMARY LEVEL AS WELL AS IN HIGH SCHOOL AND HIGHER SECONDARY LEVEL I HAVE GOT ALL THE CERTIFICATES COMPLETELY AND SUCCESSFULLY NOWADAYS I AM GOING TO COMPLETE TI S S TATA INSTITUTE OF SOCIAL SCIENCE PROGRAM COURSE FIRST PROGRAM IS COMPLETED UP TO 68% NOW A DAYS SECOND PROGRAM IS NOW COMING AND I AM GOING TO TAKE THE SECOND COURSE OF THE TI S S PROGRAM SAMGRA SHIKSHA RAIPUR CHHATTISGARH..

- Advisor to an International Medical Affairs Organisation

MR. BUDDHI THAPA

Born on 6th October, 1953, at Kohima, Buddhi Thapa had his early education at Kohima Govt High School and Kohima College; thereafter he went to Kolkata in 1976 to study art at the Govt College of Art & Crafts from where he graduated in 1981. His father was a Gorkha soldier in the British Army during the First World War who took voluntary retirement and settled at Kohima after the War. Born and brought up in Kohima, Nagaland, Buddhi Thapa is sentimentally attached to the traditions and culture of the Nagas. He lived through the harsh and turbulent years of Naga political history and experienced the joys and grieves of the people which are well reflected in his works.

Molded by harsh circumstances of life, Buddhi, from a young age developed a deep passion for art to express his beliefs and views about life. Art enables him to experience himself in relation to the cosmos, which according to him is a mysterious organism that exists in a flawless order and one has to fit in at the given time to live what it holds for him. He sees life as a predestined cycle planned and designed differently for everyone and that one has little or no power

to change what one is destined to live. It is everyone's duty to live one's best with love and respect for the with the cosmos which unfolds his destiny. In his attempts to depict life as he sees, Buddhi created the 'cosmic series', 'mother nature series' and 'ethnic portraits' which have been exhibited all over the country. The most beautiful thing we can experience is the mysterious. It is the source of all true art and science" this quote from Albert Einstein holds true for Buddhi, His works under the Cosmic and Mother Nature series are abstract depictions of life in relation with nature, whereas his portrait paintings on ethnic Naga tribes are great manifestations of his mastery over colors and techniques.

His love and devotion to the profession and his dedication to details can be well observed in the intricacies of the ethnic attires he painted. Buddhi had held 22 solo exhibitions across the country and had participated in over 60 group shows and 33 art camps in India and abroad. He has shared much and learned much through his Interactions with a host of varied artists and strongly feels the need for more interactions among the artists to create a positive impact.

He has been honoured, acknowledged and awarded in cash and kinds at various forums for his extra ordinary oil paintings on varied topics. He stil looks at things with the same curiosity of a child and always want to know more. He believes there is so much more to do that he cannot just retire from his profession as long as lfe remains in him. He was granted the Senior Fellowship by the Ministry of Culture, Govt of India, in the field of painting for the period from 2013 to 2015 under which he created paintings and portraits of the Naga tribes to showcase the beauty of the Nagas and their cultural costumes in varied settings which will remain a source of joy and inspirations for many in the years to come. Buddhi sees art as the best medium to preserve and depict the aesthetic values of culture and deeply wishes to organize an International Art Symposium in Nagaland to bring about a positive impact of art in the state.

ASHOK KUMAR

ACE was founded in 1980 by LATE SHRI RN SHARMA, an ex-INDIAN NAVY officer.

He began his journey with a mere 3 employees in a small workshop. That journey gradually evolved over time and today Associated Commercial Enterprises is a top name in the manufacturing component market.

Today ACE is owned and managed by LATE SHRI RN SHARMA wife Mrs. Arasi Sharma and his two sons Mr. Ashok Sharma and Mr. Ajit Sharma. The company has embraced

competitive technology from around the world and is known as one of the leaders in the sheet metal fabrication industry. They serve the component market, catering to the top construction equipment OEM's in South India.

Sharma has left behind a legacy of 12 acres in manufacturing capacity spread across Bangalore. His company provides employment to over 250 employees, many of whom have dedicated their entire working service to the company, which is a testament of their loyalty and satisfaction within the organization.

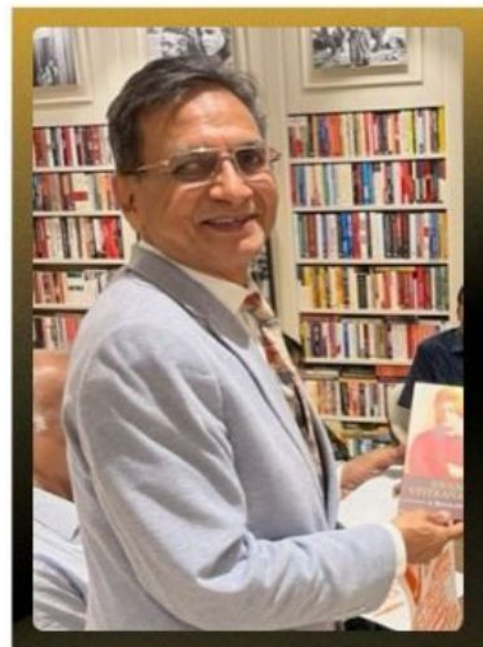

ACE has a sustained focus on quality, delivery and price, with the motto of "Customer success is our success."

MR. MUJEEB RAHUMAN

Mr. Mujeeb Rahman an Angler cum Entrepreneur hails from a coastal village of Ramanathapuram district. His schooling was near by his village and due to his family situation, he couldn't continue to pursue his higher studies. But that wasn't a barrier for his most rewarding position of what he is today as 'The Proprietor of Zafira Foods'. Zafira Foods aims at innovative and quality food processing of seafoods exclusively.

His love, passion and fascination towards the Sea right from his childhood has made him to innovatively think of business to be brought in with variety of fish and prawn pickles. At the International level he tops with the maximum varieties of seafood product processing. Cresting the waves at the crack of dawn to get the best catch and to make exclusively seafoods of international trade and quality seafood products was his objective.

His perseverance and endeavors in preparing quality seafood products have fetched customers worldwide. His enthusiasm and confidence in fisheries and aquaculture as an important source of food production, nutritional security, employment, and income, thereby created many employment opportunities for the fishing community nearby his villages. He is an inspiration for the younger generation and thus creating awareness among them to think innovatively and become an entrepreneur in uniqueness.

He has organized many such induction and seafood training programmes for the fisherfolks exclusively to empower them and to stabilize their livelihoods.

Acknowledging his expertise and achievements in the field Mr. Mujeeb Rahman has been awarded with the most prestigious "Young Entrepreneurship Award" from 'World achievers council' for the year 2021 and recently he has been awarded with another most prestigious, "Star of the Sea Award" by CEDOI Awards 2022 for his innovative approach and for being an inspiration for the beginners, entrepreneurs and the younger generations. He loves to motivate school students by his active motivational speech by tapping their untapped potential that make them shine out.

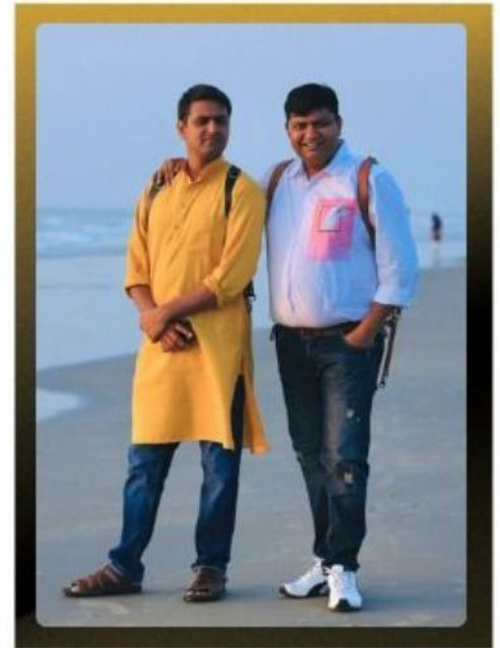

Teach a Man To Fish, and He will Feed people for a Lifetime – saying is true to Mr. Mujeeb Rahman.

MR. RAJEEB LOCHAN PANDA

Reiki Grandmaster Rajeeb Lochan Panda's quest through life in search of spirituality has been nothing short of being a phenomenon. Going on adding feathers after feathers in his cap, jewels after jewels to his crown Grandmaster Panda is not only a Reiki Healer but also an expert numerologist, a clairvoyant, a crystal ball gazer, past life regression therapist and last but not the least, an entrepreneur. Ever since he learnt Reiki in 2012 and strove to become a Reiki Grandmaster, Shri Panda has received many national and International awards for exhibiting exceptional clairvoyance abilities and also for his distinguished work in healing the masses.

Coming serendipitously across Reiki while going through major challenges in his life, Rajeeb Lochan Panda found the key to unlock the powers of his subconscious mind. A disciple of Dr N. K Sharma and Dr Savita Sharma, the Founders of Reiki Healing Foundation, Delhi, he trained to become a Healer and developed intuitive and telepathic powers. Shri Panda comes from the direct lineage of eminent Reiki Gurus starting with Dr Mikao Usui of Japan, who discovered Reiki energy in the early 1920s and developed this healing system.

Strengthened by Reiki- the life force energy of the Universe that can be channelled into human hands, Grandmaster Panda started a mission to spread this ancient knowledge. He set up his Infinite Love Academy (ILA) in Delhi in the year 2014 to heal those in need of physical, emotional, psychic and karmic healing. He teaches Reiki to interested and driven learners aiming to become Healers. So far he has trained over 1500 students in both the offline and online mode. When the COVID 19 global pandemic struck, Shri Panda made Reiki healing energy accessible to a vast number of people through internet. He was awarded the COVID EXCELLENCE AWARD at the 5th International Traditional Medicine Summit & Awards 2022 held in Bhubaneswar, Odisha for "outstanding achievement and distinguished services towards Covid-19 patients and for encouraging the society during the pandemic situation". So far the Grandmaster has successfully healed diseases like cancer, psoriasis, kidney failure, infertility amongst many others. These patients who had been under treatment for years sought Reiki as a last resort and

were miraculously healed. He has received great success healing autism spectrum disorder, obsessive compulsive disorder and substance abuse. Rajeeb Lochan Panda is a proponent of this ancient healing technique whose evidence lies in the Vedic texts of our country. The grandmaster has led campaigns and Reiki awareness programs where he seeks to eradicate the fear of superstitions and blind beliefs that plague our society. Reiki is a spiritual healing system that welcomes the people of all faith and beliefs. The India Brand Icon Awardee as the "Indian Icon of the Year 2021-2022" Shri Panda encourages people from different cultures to embrace this form of natural therapy.

Rajeeb Lochan Panda is a Guru, a mentor and a life coach whose life's goal is to dispel darkness of all forms ranging from superstition, money blockages, diseases, mental health problems to even black magic and psychic attacks. An ace occultist Grandmaster Panda can read the energy of a place or person and heal them from paranormal interferences. He teaches how to reprogram one's subconscious mind and develop the power of intuition to make good life choices and prosper in life. He says Reiki or "sparsha chikitsa" as it was known in the olden days in India, is not an alternative therapy to the allopathic or homeopathic medicine system. According to him, "Reiki is the energy that sustains and helps life flourish in all aspects. It is when one's life force energy Reiki or Ki is disturbed or blocked, physical and mental health complications arise." Hence, Reiki healing is a complementary treatment to be given alongside with modern medicine. Reiki heals from within by strengthening and aligning the seven Chakras of the human body. During the peak of the Covid-19 pandemic, Grandmaster Panda's Reiki channels remained unaffected due to their strengthened "Ki" and energised aura field. The very few newly initiated Reiki channels who tested positive were asymptomatic. This noble work of the grandmaster and his spiritual start up - ILA earned him the Icon of Asia (IOA) 'Start Up Leader of the Year' 2022 award which he received from Dr Deepak Singh, Cultural Ambassador to Seychelles, South Africa and Shreeman Prasant Mukund, Spiritual Guide and Senior Counsellor of the Iskon Temple, Dwarka at New Delhi.

Winning the Leadership Excellence Award for Best Reiki Grandmaster of the year 2022, Shri Panda is a metaphysicist who uses his skills as a Tarot Card reader and a crystal ball gazer to help people. The winner of Best Crystal Ball Gazer 2013 from Reiki Healing Foundation Trust (USA Chapter) and International Gold Star Award 2017 from the International Institute of Infinitism, USA, Grandmaster Panda makes use of the potentials of Reiki in uplifting lives at both individual and global capacity.

Reiki is a natural, non-invasive therapy based on the transfer of Universal, all-pervading life energy or the "prana urja" that brings forth all life in the universe and nourishes it. The Grandmaster uses Reiki healing energy to directly or remotely heal patients. With his motto of "Har Har Reiki, Har Ghar Reiki", Shri Panda has been working relentlessly for over a decade to promote the Reiki way of living in which all life heals and prospers. He and his organisation Infinite Love Academy (ILA) aim to make everyone 'live Awesome'.

INFINITE LOVE ACADEMY

MR. SAGAR AZAD KATHERIA

Born on 26/09/1990 Sagar Azad belongs to a very decent and Medium-class family of Jabalpur. He has received his early education from St. Gabriel Senior Secondary School Jabalpur. His childhood was full of Impediments and Imbroglios, it has never been a straight road. But whenever he saw himself, he always found an entrepreneur hidden in his soul. He is a man of sharp - sighted vision, who is keen to change the fragrance of Literature industry by inculcating the habit of reading in every soul. It was just after joining Kota Crossword when he could realise his love for books and could understand what he has to become and what he has to do. He was just at the age of 21 then. From there, his vision caught a determined road to never look back. In the very early age of 26 he resigned from his first job which was his last job and became the founder of 'champ readers' which was an association to promote the budding writers of the nation. He provided platforms to the authors who were struggling, He organised India's biggest book launching sessions in Kota and created history a lot of times. No one from the country has ever beaten the records of the book launching sessions which sagar has organised.

His extraordinary talent doesn't end here, It actually starts from here. He has organised huge Book launching sessions for Nitin Sharma, Kapil Raj, Amish Tripathy, Durjoy Dutta, Ravinder Singh, Nikita Singh, Sudeep Nagarkar, Sumrit Shahi, Savi Sharma, Aarya Babbar, Priyank Aryan, Christopher C. Doyle, Prachi Aryan, Christopher C. Doyle, Prachi Garg, Dr. Manisha Yadava, Mukta Mahajani, Devanshi Sharma, Subrat saurabh, Abhirup Dhar etc. and has given these authors a crowd of near about 2500 students in each launch organised in Kota which is truly unimaginable. His work and story of remarkably exceptional struggle behind following the track of Literature has

been covered by a number of newspapers including Hindustan Times, Sakal Times, The Pioneer, Rajasthan Patrika, Daily News, Dainik Navjyoti, Dainik Jagran etc. He has also started his own Publishing House in January 2021 that name is Anecdote Publishing House. now he is publish and promote all national and international authors in India and abroad. He has been received honour as Founder of Champ Readers Pvt. Ltd. by district administration for the year long contribution as Start up in community engagement through Reading Promotion from Urban Development Minister Shri Shanti Dhariwal Ji & District Collector Kota Shri Muktanand Agarwal Ji. He has also been awarded with Rajdhani Gaurav Award in best Organization Category 2019-20 for the year long contribution as Start up in community engagement through Reading & Writing Promotion in all over India. He has received this honour on behalf of Champ Readers Pvt. Ltd. from Shri Ravi Kalra Ji (Karma Yogi) Founder & President The Earth Saviours Foundation at Constitution Club of India, New Delhi.

Third Award:- He has also been honoured with achievers icon awards 2020 in the category of Entrepreneurial Leadership in promoting budding authors in India. Fourth Award:- He has also been awarded YOUNG ACHIEVERS' AWARD 2021 as a founder of Champ Readers Pvt. Ltd. In Recognition of Outstanding Professional Achievement & Contribution in Nation Building. Fifth Award:- He has also been honoured with Rajdhani Gaurav Award season 2 for the year long contribution as Start up in community engagement through Reading & Writing Promotion in all over India. He has received this honour on behalf of Champ Readers Pvt. Ltd. & Anecdote Publishing House from Bollywood actor, lyricist & singer Veer Dahiya & MTV Love School Fame Aviral Gupta at Lajpat Bhawan Auditorium, New Delhi. He has now become a role model for the youngsters and has motivated lakhs of people to become a reader which is the ultimate goal of his soul. He says "Before we die, it is really important to understand why we came here, what is the goal of life. You are having the energy of the universe locked in your soul, It is really important to understand that whatever you can give to the whole world, no other person can ever. Just understand who you are, why you are and for what you are, have faith in you and try to achieve your final destination by summoning the energy from your dreams, One day you will be among the list of successful people of the world."

Media Coverages & Achievements

MR. SANJAY KUMAR SAHU

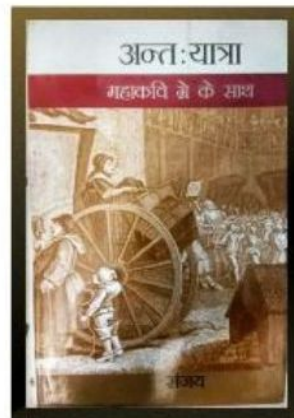

Sanjay K Sahu a writer, poet, critics, well known as a Sanjay 'Anant ' in field of Hindi literature. Anant means infinite , boundless. When you read his literature , you feel his emotions, his imaginations are really beyond the limit. He also well known blogger in Facebook .

I have always given importance to the implementation of principles and social formulas which are beneficial to mankind and spiritual, religious, social, global integration in the whole world, in which one world, one language, one currency and one law and always benevolent created by a formless God. Strongly supported the policies, we need to adopt a science of homo sapiens by dividing the human race by different castes, classes and religions. So that all of us human beings join on one platform and follow the new standard and sophisticated code of conduct and move forward in the direction of peace, equality and a constitution everywhere in the world, I have made my best contribution in every field. I have tried and illuminated the people with my sanskar of knowledge,

MR. SUDIPTA MITRA

Sudipta Mitra is a senior strategist and policy advisor with over 16 years of industry experience and a demonstrated history of managing the full spectrum of human resources, leadership and management functions across industry verticals and geographies in Fortune 500 organizations like GE, HSBC, TCS, Cognizant etc.

Sudipta is adept at providing strategic advice and counsel to executive and senior management on all issues relating to recruitment and marketing strategies, policies, high impact programs and benchmarked practices to meet business needs at scale and facilitating effective guidance to staff in achieving departmental and organizational objectives while managing culturally diverse and inclusive teams. He is a Carnegie Mellon University Scholarship holder, a triple Dean's merit list honouree, a high distinction holder and a Master's in Public Policy and Management with a concentration in Digital transformation and Data analytics from CMU, Pittsburgh (PA). He also has a degree in Electrical engineering and an MBA in Human Resource & Systems from Symbiosis, Pune.

Sudipta has been consulting CMU on strategic matters, policy and digital initiatives including the Virtual labs performing a central role in leading the development and implementation of the strategic planning, institutional research and reporting framework for the organization. More recently, Sudipta supported the work of the South Australian Department of the Premier and Cabinet's Office for Data Analytics. He has been advising on multiple projects undertaken within private, public, and social sector across countries and continents with local, state and federal Governments of USA, Australia, Philippines, Malaysia, India (including Indian Civil Services) etc. He worked with the executive teams to deliver clear, achievable, and

commercial Group strategies with both immediate and long-term growth objectives. He also supported the investor relations strategies to expand the existing investor portfolios and geographical reach. Before his foray into entrepreneurship and higher education, in his corporate avatar he was associated with Tata Consultancy Services (TCS), where he was serving as the Geography Leader for Talent Acquisition responsible for driving the recruitment and selection service delivery strategies across multiple geographies and business verticals. Prior to that, he served as the site leader for HSBC Bank and had successful stints with General Electric (GE), Cognizant Technology Solutions and HCL Technologies. He has been the recipient of multiple national and international awards and recognitions, academic and professional, for his thought leadership and contributions on a global scale including a recent one from Harvard University, Cambridge (MA).

He is also the Co-Founder of badgefree: Talent Market Exchange, India's foremost and distinctive Human Equity Investment Marketplace aligned to the vision of 'UN Sustainable Development Goals' of Quality Education, Decent Work and Economic Growth.

Since early years, Sudipta has always been intrigued by the various aspects of human development ecosystem including ways to prepare students for jobs that have not yet been created, to tackle societal challenges that we can't yet imagine, and to use technologies that have not yet been invented? He wants to deep dive into the question of how we can equip them to thrive in an interconnected world where they need to understand and appreciate different perspectives and world views, interact respectfully with others, and take responsible actions towards sustainability and collective well-being. This translated into a clarity on his life's purpose and that was instrumental in paving the way for his onward journey to set up multiple social entrepreneurship models, volunteering mentorship programs and operating successful business enterprises.

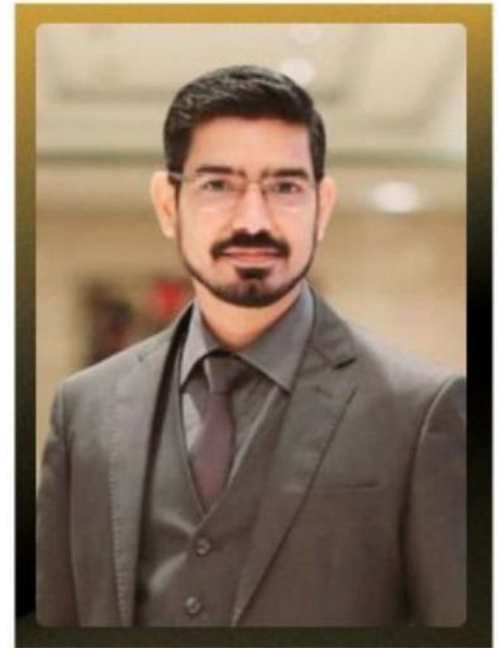

He has been an avid quizzer, traveller, sports enthusiast, on-demand tutor, public speaker, career counsellor and has held multiple leadership roles (pro bono) advising and providing consultations to organizations in private, public and social sector throughout his academic and professional career. His motto is "Create one smile a day" and he actively supports children's causes and women empowerment through his social commitments.

MR. SUMIT SRIVASTAVA

The Brand Icon of Professional financial trainers and consultants, Mr. Sumit Srivastava is renowned for his contribution and association with the financial and insurance industry across India and neighboring countries. Innately an executant, ostentatious and scintillating person, he is an ultimate mentor with notable nobility in gestures of life. Back in the late 2000s, Mr. Srivastava's career began as a hawker of Shampoo bottles, he later got his first professional job in Eureka Forbes as an Aquaguard Sales boy, where he achieved innumerable recognition as a Star performer for the month, Star Performer for a year, etc. but this was not his destiny.

He decided to work for a Job in which his sole objective should not end up in selling, it should be moreover associated with the contribution to the buyer's life and then he entered into the noble profession of the Insurance industry. Sumit remained a high-earning and highly productive resource and reached to top management of Insurance Giants such as ICICI Lombard, IFFCO TOKIO, Universal Sampo, etc. within the span of merely initial few years, & that made him more confident about his capability but still, the zest for social contribution kept dwindling inside, hence he decided to enter into the Life insurance industry, and that was the day when he left a stable high earning job to enter into Life Insurance Industry. In his hardships, Mr. Srivastava was well aware of the struggle that a family has to go through

when there is no breadwinner at home and hence he reignited his fire of contribution in the form of a Life Insurance Agent in LIC. Within the span of a mere one year, he earned International recognition of MDRT (Million Dollar Round Table) Membership which only 0.5% of Agents can accomplish in their entire life. He won back-to-back recognitions from the USA, as valuable as One-month MDRT, Double MDRT, COT, One-Day MDRT, etc. Today his organization has established a strong financial foundation for his 1700+ clients, with a trust that any one of them can vouch for his expertise and services. After glazing career as an insurance agent, he took his name to such a zenith that he became an ideal for most of the agents who knew him. His colleagues were inspired by him and started taking his advice, and this made him realize that day that there is major insufficiency of professional training for Agents and they need handholding to change the wink of an eye of a common man from the exclamation of disappointment to dignity, which they give after one introduce himself as "LIC Agent". He established the firm in 2018 with the name Bima Gurukul, today India's Largest Online Insurance Training Module across the country, & has generated more than 20k+ professional agents pan Indian and more than 2500 MDRT Agents in a year. Through these years, he has won the trust of innumerable financial consultants and millions of commoners who are our loyal patrons today.

Mr. Srivastava is also well known for his internationally acclaimed publish – "MDRT Aasaan Hai", A book which in itself is a sacred text for the entire industry and which if read and implemented logically, can make your generations successful in the industry. Besides this, the fact that makes him different from all others is his strive for nobility, which is well evident from the fact that he is the person who is returning the society from both hands, from one side he is trying to indulge agents into professionalism and the enroll them to his courses, and on another side, the entire money earned is utilized for upliftment of Underprivileged Children from Slums through an NGO – Kyari Foundation " The only well-established NGO, which does not accept donations. The entire earning of Bima Gurukul is utilized to bring the underprivileged segment of society to streamline and give them a chance to challenge their destiny and value their potential in a positive direction.

MR. SURESH CHANDRA PUNGATI

Greetings! My name is Suresh Chandra Pungati, I am the founder of Devrai Kala Gram at Koyanguda, Tal. Bhamraghad, Dist. Gadchiroli. I am working in a tribal area which is affected by Naxalites, I am a tribal Media Artist and also awarded as National Entrepreneur 2018, and

our achievement work is Rock Dhokra Art, we've innovated Metal Casting in the form of Rock Dhokra in Gadchiroli, and we are trying to make our art form, our tribal acknowledged. artists and our village to be And I am confidently in recognizing that this art form is something different and unique and I want this art form to be known in the art profession. MS.

LATHA KRISHNA KUMAR

Latha Krishnakumar founder head of ALL ABROAD STUDY Consultancy I am an enthusiastic, effectually spirited, resolute and easy go person.

" If we can't handle stress and we cannot handle success too".
That's my positive self motivation.

My work foot-prints are spread in few cities in Tamilnadu. I have worked in Salem,Erode,Tirupur,and Coimbatore as a teacher and because of my dedication towards teaching I have been upgraded me as a Coordinator of the team . Teaching is my passion and I love teaching kids. Teacher develops students knowledge, individuality, moral values, communication skills, etc. Yes I did it too,but I developed the same and more in the same school where I worked with the great National model school Coimbatore. My ALL ABROAD STUDY research and development started in the year 2018 and online service started in the year 2019 and continued for 2 years. Germany visit motivated me to have an office for

students education and career counseling and the endeavour is to reach out to larger sections of students and institutions for assisting them in aspiring, dreaming, weaving and working for a better tomorrow for themselves.My concern is specialized for sending students for UG/PG to Germany with counseling and guidance till the complete process. And also other countries like US,UK, Canada Australia, Europe too.

During the course of my professional endeavours, I have collaborated with coaching institutes, and tie-ups for integrated imparting of education, guided them for expansion and establishing themselves for exposure I also have a kids educational academy "Sign Art Academy" and now the name has changed as " ALL Kids Academy" to inculcate Handwriting training , Abacus,Art and Craft, Jewelry making, Fast reading, Moral values story reading, Traditional games and Brain activity, I, also, handle Mentally challenged students in a humble way and counsell them for better life.

Il am continuing my work as an education consultant and managed marketing, PR & planning to establish my establish business with some creative ideas. As a famous personality Bill gate says , " Learn to grow the business from the unsatisfied customer" I am following the same to develop my business to multiply all goodwill. Knack for strategizing, planning, execution is part of my professional conviction and habit. Incessant, uninterrupted sustained follow up to achieve or to yield desired results is part of my attitude & orientation.My deep-rooted, profound oriented works in coalition with children orphanage home by giving free classes, conducting free events etc. has added some rare humane dimensions to my personality. My work in and through such organizations have largely been in the field of education and for the student community.

My wish and aim is to own 5 different business which are related to education and fashion successfully , Jaihind.

MS. POONAM AHUJA

Mrs. Poonam Ahuja presently employed as Executive Director and Principal at St. Paul's International School, Phase-VI, Mohali. She is a very courageous lady and takes challenges head on. Born in a middle class family in a small town of Punjab. She later moves to Chandigarh where she completed her education and took up her profession of a teacher from a very humble beginning in a very small school in the neighbourhood. This young girl dreamt of something larger than life. Staying in a joint family was encouraging and demanding too. Fulfilling the needs of her husband, children and parents and the same time pursuing her career was nothing than a clausal job. Being accomplished, determined to excel this young maiden was so focussed that she fought vigorously with all the odds stacked against her. Her life was like a fragile bark in the myths of a vast ocean. Many a times there

came situation where she had to quit her job because of her ailing family members. It was like rise and fall of a tide. She understood the situation and face them according to the needs. A true warrior exists in her who would never make her surrender to any situation. Slowly and steadily her aura of determination, quality oriented teaching, focussed personality moved to a position where a few reach. Covid was a period where she finally broke the ice. Not only teaching her children but also realizing the difficulties of parents was facing in teaching their children. When educational institutes were completely shut down, she curbed out new ways, methods in imparting online and distant learning without thinking of any monitory games. It was during this time, her work was noticed by the institution in the tricity.

She rejected offers from big institutions that were ready to pay her much more than she could think of and finally opted for St. Paul's International School where the challenge was very big and going was very tough. Then ask why she opted this school when she had better option, she said here I can show my calibre, ability to draw out maximum inputs which the almighty has gifted to young brain. She worked tirelessly gave up her all comfort and slogged training the teachers with love, determination, improving their quality of speech and motivating them to write their own books. She is the true educationist with a determined mind and caring heart. May she excel to greater heights. It is a joy to see that this prestigious award bestowed upon her. May her flocks grow and fulfil the dream of nurturing the young mind to achieve and excel whatever she deserves.

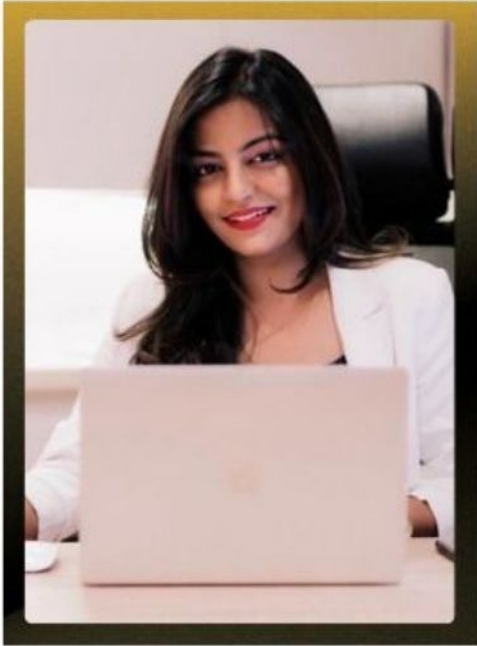

MS. SANDHYA PRASATH

Every woman has a queen inside of her. A personality trait that is often seen when she is at her very best. Grooming such women to their finest is Chennai's popular grooming studio- Hadaza. Inaugurated in the year 2019, Hadaza was created to celebrate women both in and out, to provide services which can transform her, unveiling her very best to the world outside.

The inspirational woman behind Hadaza's growth is Mrs.Sandhya Prasath, Managing Director-Hadaza Grooming Studio. Her story is of humble beginnings fuelled with hard work, dedication and Lord's blessings which has helped her transform her minuscule dream into a rewarding career. Her childhood days spent watching her mother work magic on her clients, laid a foundation in her mind to create her very own salon conglomerate.

Why the name HADAZA?

The salon is named after 'HADASSAH', the maiden name of Queen Esther. Hadaza was specifically chosen by the Persian King among a bevy of beauties presented to him to take as a bride after a grooming period of one year. But the secret of Hadaza's beauty lay in not only her groomed outer appearance but also in her inner strength, poise, manners, kind nature and amazing faith in a Prayer – Answering God. So, when finally presented before the King, she shone like a 'Diamond' among the pebbles, with a heart of 'gold'. She not only won the heart and favour of her king but also her people with her courage, faith and fervent prayers, which saved the entire Jewish nation from death.

What can one expect at HADAZA?

Hadaza Grooming Studio is located in one of Chennai's bustling areas. It is an exclusive grooming destination for women & children, providing a variety of services- from hair, skin, nails to spa & styling services. This well designed grooming studio boasts a unique & warm setup which makes one feel at home. Hadaza's team of experts have an eye for creativity and a flair for transformations, making it a breeze for them to give women breath-taking makeovers. Be it trending haircuts & hair colours, rejuvenating facials or stylish nails, embark on an one of a kind grooming journey with Hadaza Grooming Studio.

Exclusively run by a team of women grooming specialists, the salon is a favourite amongst leading celebrities & elite, inspirational women from various walks of life who frequent the grooming studio for its premium services. The quaint atmosphere paired with exclusive services is the perfect choice for women who work round the clock providing them an opportunity to unwind and enjoy leaving momentarily behind the hustles of life.

What makes Hadaza unique?

First impressions are always considered the best. The moment you enter Hadaza, you will find yourself mesmerised by its picturesque interiors and calming vibes. Adorned with Bible verses and a warm colour palette, the grooming studio is designed to make women feel comfortable with its stunning ambience.

Hadaza offers various services, pampering women from head-to-toe with its finest, premium & high-quality products sourced from Global Brands. The mission of this salon is to cater to women of all sizes, ethnicity and background, making them feel like a true royale with their distinctive services. A special mention to the all-women team at Hadaza who are frequently trained in-house to nurture their skills and to stay connected with the latest trends.

The salon pioneers the ideology of 'beautiful in and out'. Hadaza has transformed not just the outer style but also the inner beauty of many women, setting an inspiring example with its goals.

What next for Hadaza?

With the vision of making women feel beautiful in and out, Hadaza plans to accomplish its goal pan India. After 3 dedicated years of pampering women based in Chennai, Hadaza's Managing Director Mrs. Sandhya Prasath now plans to extend her brain child across India with her eyes now set on other parts of Chennai & Bangalore.

MS.

SWATHY SIVARAMAN

Swathy Sivaraman is the CEO and partner at Storyboard Design – A leader in the Interiors & Furnishing space, reshaping the industry with their integrated business model. With a remarkable growth story carved within a short span of time, she has spearheaded the firm from a startup stage to as become one of the most preferred partner firms in India, especially for those with a need for luxury home design and bespoke décor sourced from the most renowned parts of the world.

Swathy Sivaraman hails from a stereotypical South Indian family, adoring the simplicities that life has to offer. But like any 'Tam-bram aka Tamil Brahmin,' the zeal to be an academic achiever was deeply rooted and her completion in a master's degree in Environmental and Sustainable Design from the most prestigious Harvard University is a testimony to the same. Pursuing it despite being a full-time mother and then taking on the challenge of becoming a women entrepreneur in one of the toughest business markets speaks volumes of her passion and appetite for success.

Her firm, Storyboard Design came to life as a synchronized ideology with her now partner, Jyoti Jain. Jyoti hails from a family that defined entrepreneurial excellence in India from the early 90's. She had already made her mark in the furnishings space with a lavish 40,000 Sqft showroom in the heart of Bangalore. When there seemed to be a gap in the Interior Design industry – multiple points of contact, lack of synchronicity between design and execution, etc. being few of them, the two sensed opportunity and explored synergies to start Storyboard Design which today boasts of filling these gaps in the industry and ensuring an elevated customer experience through this integrated business model. Spaces, like their owners, reflect an inimitable sense of individuality. This bond that is created through design, entails an

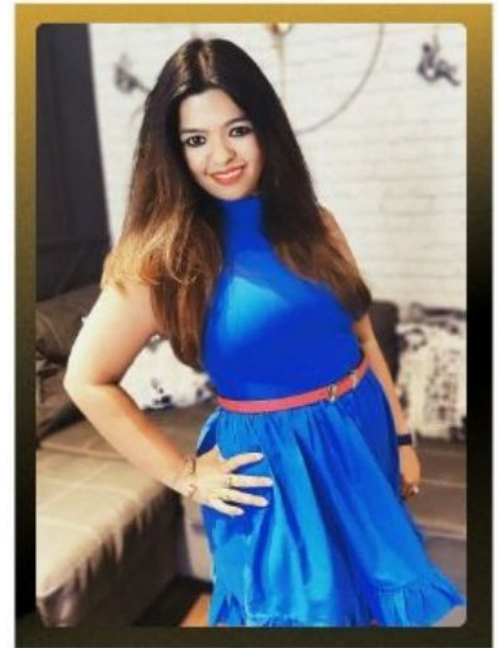

story that reeks of self-expression. This is what Storyboard Design does for its clientele states Swathy. With an intricate eye for white space and contemporary design, her vision for projects come to life by amalgamating the clients' desire with global trends and cultural backdrops to envisage a new appeal to luxury design.

"Whilst business takes its own path to success, there is something more invaluable that pushes us to go beyond our abilities to achieve something, and that for me is the provision of employment to youth of our country. The Interior design space provides ample opportunity for skilled as well as unskilled professionals, and this contributes at large to our society. We started our firm with just three members, Jyoti, another designer, and I sharing every bit of work amongst ourselves. Today, we have grown to support the livelihoods of over a Hundred employees. This to me is the biggest driving force of this venture. When we see young designers join us and skill themselves to deliver the needs of millionaires and global organizations alike, its truly fulfilling. Even our ground teams like the Carpenters and Plumbers amongst others, when I see them succeed in a metropolitan and send their earnings to their family back in the villages, its truly heartwarming and motivates me to get more business" said Swathy.

Prior to her entrepreneurial journey with Storyboard Design, Swathy spent time learning the nuances of the business with renowned firms like WS Atkins, KGD Architects and Nelson Consultants. In addition to being in a design role, she also took up work in other departments such as Procurement, Project Management, Business Development, Accounting, Operations, etc. through which she garnered quality insights that now help her be an able leader at Storyboard Design.

When she isn't at work, which is most often never, she spends quality time with her family and friends. Her son, Aryan just entered his teens and carries an innate talent to be a musician. She ensures he is equipped to pursue his passion through the provision of both, resources as well as time. She duly acknowledges her family's contribution as an integral part of her continued journey of accomplishment.

"Be you a girl, daughter, wife, mother or all of them like myself, multitask your way through life and embrace the journey and difficulties that come your way. Have a business idea in mind? Go for it. Have a design that may break or create trends? Go for it. Want to take off and do nothing but invest in yourself? Just go for it. You are empowered to be the best of yourself, and you define best for yourself" said Swathy when asked to share a message to other aspiring women entrepreneurs.

With a Legacy of about 87 Years in the field of retail garment industry, the 4th Generation Youngsters of the Family started a Retail Brand named MTEENZ, with a single vision of catering into all the walks of life and reaching the bottom of the pyramid to give a Top Class Customer Experience & High Class Quality of Products at everyone's budget of Rs. 59/- to Rs. 599/- . Where a family can afford about 15+ garments for the entire family of 4 at just Rs. 1,500/- or less than that. With a greater vision of opening a store in all the cities of the Tamil Nadu first and expanding to other states, in 2 Years of the inception of the brand, we are 5 stores strong & 2 stores under construction with a centralized Corporate office and Warehouse functioning at Thanjavur, Tamil Nadu, India have about 350+ Staffs working all around. The Products

are procured on a monthly basis from 14 different parts of the country in a huge quantity and few own production too for delivering new collections at a greater price to all our customers.

With a greater experience in the field, we have Mr. Asif Ali as our Managing Director and Mr. Arsath Ahmed and Mr. Abrar Ahmed as our Joint Managing Directors leading the Brand towards a goal of 20 Stores in 2025. The Opportunities of Expanding the brand with a larger scale in under pipeline through accelerator and through Franchisee Model. We always wanted to give the same kind of experience and feel to all our customers what they experience in an International Brand and in our own parent stores, Maharaja and Seematti Group at their affordable budget and also to give the same to those who have never got an opportunity to experience them in their lifetime. With the current Teenagers and every human wanting to be fashionable, trendy and look young, we at MTeenz want to be their one stop location where we make everyone look like a teen with our fashionable garments at a very less budget.

With Retail Startup of the Year award from Icons of Asia being the 1st Award for us to be getting recognised, we are very happy and grateful for the entire Team and Jury and hoping that this little Encouragement makes us move even more Faster and Stronger to reach greater heights.

TEACHPEDIA

Teachpedia- an inspiring Story of a journey from IBM to an ed-tech Startup

"Dreams are not something you see while sleeping; Dreams are the ones that don't let you sleep."

These words stuck to Himanshu Gautam the day he heard them; since then, his journey has been remarkable. Even as a young child, he was always intrigued by finding solutions to things that bothered him.

So when he decided to embark on the journey of entrepreneurship, these words kept him motivated. Hailing from a modest background & an alumnus of Prestige Institute of Management Gwalior (PIMG), Himanshu had a Spark for business.

But due to certain personal issues, his pursuit of the Business had to wait. As a leading Market Research team member, he joined MNCs like IBM India & GFK Nielsen. In these positions, he saw an excellent opportunity to study people & their problems closely. His career was going in the right direction & still, something was missing, that Spark!

And one day, the opportunity knocked on his door. He was looking for a good tutor to help his cousin with a certain examination but could not find one. Many students, like his cousin, were looking for a reliable tutor to help them with their education.

That's when it clicked for him! He devised an innovative idea of creating a

platform where students can easily connect with top-rated tutors nearby. And that's how the journey of the Teachpedia began.

This was not an easy task as there were numerous such startups. But as Himanshu moved ahead with his plan, he could clearly see the problem. These startups lacked the basic feature i.e. the Good Tutors.

Deploying his extensive research industry experience, he embarked on the journey to create a balanced platform. He met students & tutors to understand the challenges they were facing.

Based on this research, Teachpedia materialized.

With its innovative approach, Teachpedia has rapidly become one of the leading ed-tech startups that offer offline & online tutors to aspiring students. With extensive Persistence, Endurance, Patience and Risk Management, Himanshu brought Teachpedia to the forefront. In just 1 year, Teachpedia has established itself as a leading tech-driven education solution.

Teachpedia has helped thousands of students gain excellent knowledge & achieve their goals. Teachpedia has also offered a unique opportunity to the tutors by bringing them in contact with more students, resulting in better financial stability.

But this success story doesn't end here! After the phenomenal response Teachpedia received, Himanshu decided to step up the game. Now Teachpedia has added Certification courses too for the Corporates & Executives.

These certification courses can assist executives in the corporate world by enhancing their knowledge & honing their knowledge. These certification courses cover a wide range of topics, including Machine learning, Digital Marketing, SEO, Graphic Designing, Coding, Web development & much more.

In a nutshell, the story of Teachpedia is really inspiring & remarkable. By adopting cutting-edge technology, years of experience, & strategic know-how, Teachpedia plays a vital role in educating India the Right Way!

Whether it's School Exams, Competitive Exams & other Professional Courses spearheaded by industry veterans & visionary leaders, Teachpedia is one more inspiring story for the Indian Start-up family.

With a perfect blend of Technology, Expertise & Experience, Teachpedia has become an inspiration for many.

It's a gleaming example of what a simple idea, a team of professionals, a dedicated leader & extensive hardwork can do.

Teachpedia proves that the success mantra is not to be crammed but must be composed.

TERRY EXPORTS LLP

Dipankar Verma, having robust international business experience, thought of the idea of exporting premium moringa products (moringa leaf powder, moringa seeds, moringa oil, moringa tea, moringa capsules & other moringa products) to the world, since moringa is native to India.

Dipankar after finishing his Bachelor of Technology (B.Tech) in Electronics & Communications engineering worked as software engineer/associate consultant in Wipro, one of the IT behemoth companies globally, while serving global clients in finance and software industry. There he learnt the nuances of international business and he was influenced towards international business. Therefore he moved to the United Kingdom (UK) to pursue his Master in International Business from Aston Business School, Aston University in Birmingham, UK, which is one of the top 5 B-schools in the UK and top 50 B-schools in the world, as ranked by the Financial Times, the Economist, the Guardian and several other business newspapers and magazines. After finishing his Masters in International Business, he enjoyed working in the company involving outsourcing of UK accounting while developing the new business. He was awarded with an appreciation certificate for innovation in his work & taking initiatives.

As a fitness enthusiast, Dipankar had been involved in exploring several natural herbal products and while researching the natural herbal products, one product that is moringa caught his attention and how tremendously beneficial moringa could be to impact one's health positively (not just humans but animals too!).

Moringa is more than a superfood, which is packed with iron, calcium, vitamins, antioxidants, and plant protein. Moringa products add a nutritious boost to everything from smoothies to soups to tea and capsules. Moringa is termed as miracle tree as it has multiple applications – from nutrition & supplements with 25-28% protein, which is rare in plants with almost 18 out of 20 essential amino acids to Moringa's other very important application, which is the topmost global agenda discussed by the politicians at all the international forums, that is mitigation of climate change, because this miraculous plant absorbs 20 times more carbon than other plants and 50 times more carbon than Japanese cedar plants, as per study conducted by Japanese Scientists. It therefore can be a great natural tool in mitigating the effects of climate

change. It was brainchild of Dipankar to work and specialize in moringa only, and not any other product, that helped Terry Exports LLP to reach out to its global clients explaining and demonstrating the benefits of moringa and how to differentiate between premium quality moringa and the poor quality moringa. Since then, Dipankar has built the reputation of being a thought leader in moringa, while contributing to various initiatives of government's research (Europe and India governments) on moringa, through private companies. Dipankar, through the secondary research, has also written a white paper on benefits of moringa and if it can have any use in COVID-19. Dipankar's work experience in dealing with international clientele base & international business education experience from the UK helped him to understand requirements of global clients and deliver to them successfully.

Dipankar having come from a science and business background academically, deeply understands the science of nutrition and business of reaching out to the businesses & consumers globally. With his knowledge base in moringa built over the years while interacting with the moringa community involving scientists, researchers, agriculturists, farmers, businesses, and consumers, has been much appreciated by the knowledge seekers of moringa, clients and the moringa community globally.

Dipankar, with his marketing and branding capabilities taking this superb superfood to the governments globally, as moringa, if given to animals in the form of feed would result in producing high milk yield and increasing the quality of milk which will not just help the governments to raise the nutrition index of their people but also would leverage on the food security aspect. Dipankar is also in the midst of reaching out to World Food Programme (WFP) to help the people of countries in dire need where the nutrition index is critically low or where there is food scarcity because of natural & man-made calamities. Moringa again can be a very effective tool for WFP as part of their mission to mitigate hunger globally.

Most of Dipankar's efforts goes into gauging the quality of moringa products for the clients as moringa is known to be the most nutrient dense plants. Therefore, if moringa is being planted in soil that is not nutrient dense & favourable and not ethical practices are followed, then there would not be any point in commercializing it, as it would be just another green, which moringa is definitely not!

Due to the quality conscious nature of Dipankar, especially for moringa, one of the ex-NBA basketball players from Chicago, USA and currently settled in Italy after the retirement enjoys the moringa powder sample sent to him and the NBA star is considering to launch his own brand while creating a unique supplement with Terry Export's moringa in it.

Although this plant has been around since centuries however, since moringa is relatively new commercial product around the globe, Dipankar's vision through Terry Exports LLP is to "bring premium moringa on the table", through the functional and general foods, which can be substantially significant in eradicating hunger and developing and raising the nutrition index of the countries across the globe.

VISHAL GARG

Dr. Vishal Vilas Ghag Managing Director (Slikun School of Business)
An Edupreneur, Business Consultant, Psychotherapist, Motivational Mentor, Philanthropist, Student Icon.

A corporate leader turned 'Edupreneur', Dr. Vishal Vilas Ghag is the founder/director of Slikun IMT, India and Slikun School of Business, UK. He is an innovative educator who believes in transformational education and strives to impart the same at his institutions. He holds a Bachelor's in engineering from Xaviers, MBA in marketing from IMT Ghaziabad, and a Doctorate in Business Management from Indian School Of Business Management. He is an educator, a researcher, a writer and a public speaker.

His Entrepreneurial Story

Within a short career span of 7 years from 2011, he climbed from a 'Trainee' position to an 'Asst. Vice President' in the corporate ladder. Working with over 300 corporate clients, he gained knowledge and expertise in the field of Strategy, Business Development, Sales, Finance and Technology. All this boosted his confidence enough to leave a rewarding corporate career and start his entrepreneurial journey. In August 2018, he finally answered his inner calling that always enticed him towards business. Being the first of his middle-class genesis to tread the self-employment path, circumstances took a toll on him in terms of finance, emotions, and business knowledge. However, with the heart of a lion, Dr. Vishal fought through everything to convert his bootstrapped education classes into an innovative business and technology training institution in under 4 years. His sincere efforts led to the launch of one of India's most economical MBA programs led by corporate professionals called the 'SLIKUN MBA'. The entire structure of this MBA is highly unorthodox, to-the-point practical, and highly cost-effective or as he likes to call it, the 'No-Nonsense MBA'. The best part of the MBA is that it is designed to evolve alongside the industry, while maintaining the same low cost of education. Along with Slikun, he has also founded Pratibhashala Foundation, a government recognized NGO where students in their

graduating years from lesser privileged areas of the society are trained on short programs that would help them land jobs faster. Most of these students bear the responsibility of supporting their families and some are already working alongside pursuing their education. Also, the NGO offers free counselling to students, parents and teachers at school and college level to help them battle stress and create a better learning ecosystem. They have trained over 10,000 students in the past 3 years since its inception in 2019. Dr. Vishal is also a published researcher; his proprietary designed training model has been published in an international journal and has also received research excellence awards by Institute of Scholars. He and his work have received many awards and are featured in newspapers, podcasts, and business magazines. Some of his noteworthy recognitions include:

- Most Promising Education Start-up of the year, Director - Saga Star Awards
- Edupreneur Director of the year - IndianPrime Icon Awards
- Most Innovative Companies, Founder - Business Outreach Magazine
- Award for outstanding contribution to student Development - Education Icon Awards EIA
- Best Social Impact Edupreneur Director of the year - Asian Icon Awards
- Top 100 powerful personalities India feature - GlantorX
- Rashtriya Pratishtha Puraskar National Award - WorthyWellness Foundation
- Research excellence Award - Institute of Scholars

Three important questions we asked him:

What is the reason for the success of your institutions?

Incessant hunting for and building a team of like-minded professionals who are willing to devote time for student development. Without their willingness to share my vision, this could never be possible.

What's your vision with the whole institutional setup?

To remove as many barriers as possible in the journey of learning and career development of the younger generations, thus supplying the industry with valuable human resources that will eventually raise the bar of the Indian industries.

Why did you start these institutions?

Simply because no one did it for us. I want to support today's generation with a unique kind of holistic development guidance that we always needed but never got at our time.

MS. AYUKSHA SINGH

Ayuksha Singh : Founder and CEO is an human resources (HR) professional with 12+ years of diversified experience. She has worked in all facets of HR, including recruitment, management transformation, statutory compliances, employee engagement, and hospital CRM management. Currently managing the business entity.

Garima Jainis an MBA in HRM and learning and development specialist, has over 15 years of experience working for a variety of companies, including Airtel, Hero Group, Cox and Kings. She specializes in training, quality assurance, and process reengineering.

Arpit Soni is a management professional with 10+ years of expertise in call support operations and brings a lot of operational excellence to team. Being from the HR and business transformation background, I experienced a need for a one point solution to the hospitals which can enhance the patient experience to the next level and ultimately led to better business performance. I realized this during my frequent visits to hospitals for my parents' visits that there was a huge scope for improvement in the way patient handling, appointment management, and patient feedback was being carried out. From that day itself, the idea clicked from the business model perspective and with 1st client within 3 months of hardwork and cold calls, as CK birla hospital, there has been no looking back.

Well covid has been tough times for all , tough not only in terms of financial insecurities but also to have sustainable business model, having said that the only myntra I can give to my fellow colleagues, from the learnings I had, is to keep your business with minimalistic shrinkages, strong process controls and leave no room for any leakages in business efficiency . crisis in business will keep coming, either in name of covid or other economic factors, but quitting business will never be a solution, one should think of ways to be in business in tough times, so that we can bounce back the moment things get right

HR or CRM in no more an old legacy type work in todays scenario, one has to adapt to the

latest technological advancements, currently the team is working on implementing chat bots in hospital CRM support to enable automation. at the same time , a lot of artificial intelligence is being used to gather the right data sets in order to understand customer mindset , his health history pattern , and a lot more Quality is foremost any important delivery function of an organisation, we at Impetus, proudly boast of the fact that we have not lost any client in last 2 years , this is only possible because of great quality of work, while this comes at a cost, but the long term returns off set the cost. We have a dedicated 3 people quality team whose job is only to audit and eventually improve the service delivery. I feel when u deal with b2b products of into a service industry, positive word of mouth is the biggest marketing strategy, if u able to attain happy clients, they automatically gets converted into your advocates in the industry and get you references and hence more business. So my advice would be to have a better customer experience. If I say the fact that the solution we offer cant be copied , I am making a mockery of myself, in todays world , the easiest thing is to copy and paste, but what cant be copied, is our learnings, is our understanding of the market, is our hardwork and dedication and a zeal to thrive to reach the zenith. In a nutshell, you can have an edge over competetors but good service and always ready with a lending ear to listen to the problems of your customers and working towards fixing it as if they are your problems. Future endeavours for next 2-3 years are very clear and well defined, currently we operate out of rajasthan only and service clients mainly in rajasthan domain, plan is to roll out operation in 2 more States, ie Gujarat and MP by the end of year and a pan India roll out by the end of year 2023 with employee strength of 300+ employess. Well I am too small a professional to give my piece of advice to the learned readers of the magazine, however my 2 cents would be is never never ever give up on any business idea or strategy too soon, there may be hard times, giving up is the easiest solution, but if we are able to sustain the hard times , we will achieve victory one day, being is business is more important , rather than not in business.

With clients like Dawadost, BR healthcare (Nirbhaya), Cars24, Dealshare, Jhandewala foods, Wholesale box etc. ICA began as a wholly vanilla HR company with recruitment and hiring services as its main competencies. As the business developed, We gradually branched out into HR consulting & management transformation for clients like Chanakya IAS Academy, Chitrangana, InstaCash, which involves updating policies, identifying process gaps in an organization and finding scientific approaches to close them facilitating tech scalability, and team capacity. With the end of 2020, pivoted into Hospital CRM management also ,with below solution offering

MR.

NILESH DHAHIFULE

Mr Nilesh Dahifule, has over 2 decades of experience in Real Estate Industry, in association with renowned companies like Swastik Enterprises, Morya Infraconstruct Pvt. Ltd. in Thane and R.K. - d. Maharashtra Lok-ratna Unity – Best architect 2020.
- e. Brand Opus Award – 2020
- f. Affordable Residential Property of The Year – GABA 2021

My love and Devotion Towards my Field is the driving force that helped me what I am today. If you love profession, nothing can stop you to be successful. Keep designing and lift your imagination in architecture to the next level.

MR. HARSH DHAMELIYA

Mr. Harsh Dhameliya is one of India's youngest entrepreneurs. Harsh completed his SSC education as his father did not have the fees to pay for higher education. He wanted to join a construction job but was not satisfied with the job. Spent 2 years in this job, then invested some money and founded Dwella Herbotech in 2019 with a dream to make it big, and in just four years, they have made great strides in the skincare industry. Along with this he established

the Dwella Foundation to provide education to children who could not study like poor children. This foundation has paid the education fees of 100 children. Dwella Herbotech has made these choices in their products that are made from the best of nature, have no toxins, no harmful chemicals, are animal cruelty free, and plastic positive. We planted nearly 10,000 trees and We now looking to grow and sustain more than a million plants that will improve air quality, soil quality and even the ground water levels.

MR.
